

ROTHWELL LOCAL BOARD.

The usual meeting of the above Board was held on Monday night, present:—Messrs. J. Hargreaves (chairman), W. Lawton, C. Ward, G. Lockwood, G. Armitage, J. Ellis, H. Nicolls, and W. Hargreaves (surveyor) (Mr. Greenwood), and the medical officer (Dr. Stevenson).

Since last ordinary meeting, there have been meetings of the Sanitary and Sewage Committees, and of the Finance Committee. The minutes of the previous meeting being read and confirmed, cheques were signed for the following accounts, as recommended by the Finance Committee:—

W. Fakin, Leeds and Wakefield Main Road	16 16
W. Fakin, Leeds and Wakefield Main Road	7 7
W. Fakin, nuisance removal	1 10
Dr. Stevenson, nuisance removal	14 6
W. Fakin, Leeds and Wakefield Main Road	9 6

W. Fakin, Leeds and Wakefield Main Road	19 17
W. Fakin, Leeds and Wakefield Main Road	8 0
W. Fakin, Leeds and Wakefield Main Road	5 0
W. Fakin, Leeds and Wakefield Main Road	8 10
W. Fakin, Leeds and Wakefield Main Road	6 0
W. Fakin, Leeds and Wakefield Main Road	12 0
W. Fakin, Leeds and Wakefield Main Road	0 13
W. Fakin, Leeds and Wakefield Main Road	1 18

INFECTION DISEASES HOSPITAL.—Mr. Lockwood, chairman of the Sanitary Committee, said there was nothing further to report on the plan for the proposed hospital, and application will be made to the Department for an inquiry as regards the details, and the grant of a loan. It was decided, however, that a cheque be signed for £260, the cost of the land as purchased from Mr. Nicolls, the Board's bankers having agreed to advance the money until the Department sanction the borrowing of the money in the usual way.

The New Board.—It will be remembered that the Clerk reported having received a draft copy of the Amalgamation order at last meeting. The signed order has now arrived, dated December 29th, 1892, and a letter to the Chairman of the Board, appointing him Honorary Officer for the election of the enlarged Board.

The information of so speedy a culmination of the long-expected extension of the Board's area, came as a surprise to the members.

The Clerk further stated that according to the Department's instructions, the notices for the election must be issued within 14 days from the date of the order, and that the election of fifteen members would probably be complete within five or six weeks. The members would take office from the date of the first meeting of the new Board, and would retire, five at a time, on the 15th April, 1893, five in 1894, and the five at the head of the poll in 1896.

Mr. Lockwood expressed himself as surprised that he would have to pay for the last inquiry, which he understood would cost about £260; certainly the Rothwell ratepayers should not be added with any part of it, as the Local Board had nothing to do with the inquiry. The Clerk asked the members to look into the matter, and it was arranged to discuss the subject at a future meeting.

NEW BOARD OFFICERS.—The plans and sections for our new Town Hall, were submitted by Messrs. T. J. and W. E. Richardson, along with specifications, and an estimate of the probable cost, to the Sanitary Committee. Mr. Hargreaves said, had met and gone carefully into the question, and they had come to the conclusion that the cost would be something like £3000. In view of the increased number of members constituting the new Board, it was most urgent that the office be put on foot as quickly as possible, as the present room would be no longer enough for their future meetings. The plans and specifications ought at once to be forwarded to the Department, with an application for the loan of the money, so that an inquiry might be held at the earliest moment. He was aware that the cost of the new office, surveyor's house, and outbuildings, was rather heavy, and would probably entail a rate equal to 3d in the £. Referring to the proposed hospital, Mr. Hargreaves said the committee considered it advisable to invite the Sanitary and Sewage Committees to join in the cost of its erection, and utilize for their entire district. This, of course, would greatly relieve the ratepayers in the burden of repaying the loan and interest. He then moved that the plans and specifications be sent to the Local Government Board, and that permission be asked for the borrowing of £3000 for cost of building and land.

In seconding the resolution, Mr. Lockwood remarked that the estimated sum required was a fair moderate amount.

Mr. Lawton expressed himself in favour of delaying the application until after the new Board has been elected.

Mr. Ward was surprised that Mr. Lawton should turn round about wheel, and urged the Board to push on with the work. They were now in harness, and had surely set long enough in that position, and see if the cost could not be reduced.

Mr. Nicolls thought that the new members would only be too pleased to have a decent room to sit in, for that room was not fit for anybody; he hoped the plans would be pushed forward.

After some further remarks from Mr. Lawton, the resolution was carried; Mr. Armitage voted against, and Mr. Lawton was neutral.

HEALTH REPORT.—The Medical Officer reported that for the week ending 25th Dec. there were 10 deaths (3 males and 7 females), and six deaths (3 males and 3 females). There is no infectious disease in the district, so far as is known.

UNFIT FOR HABITATION.—In reply to Mr. Nicolls, the Doctor repeated his assertion that the "Tiled House" in Spiby Lane was

'quite unfit for habitation.' He described its condition by stating that there was a large hole in the roof which was only covered by a door of some kind supported on a pillar from the floor, whilst the floor of this chamber was supported by another pillar in the kitchen. There was no fireplace in the sleeping apartment, and whenever the rain came in at the top it ran down through the floor of the sleeping chamber to the kitchen floor below. In its present condition the house was quite unfit for habitation.

Mr. Lockwood asked Mr. Nicolls if it was his duty to repair the house, as the Board would like to know who was responsible.

To this, Mr. Nicolls answered that it was not his duty, but he wished to be able to give the landlord a report on the matter.

Mrs. Lockwood drew attention to a nuisance caused by the deposit of stable manure, but the Inspector said that it had now been removed.

A complaint from Mr. Jas. Steel, as regards the unsatisfactory condition of the road between his own house and the one in the Board was referred to Committee.

The Committee having considered the plans of the Hunstall Railway Company, Mr. W. Hargreaves moved, and it was agreed, that the proposed bridges over the Board's highway be protested against, and notice of such objections be sent to the County Council.

Another letter was read from the Bimor Copper Company, asking the Board to reconsider their decision as regards a supply of water, but nothing further was done in the matter.

TENDERS.—In response to advertisements for tenders for team labour during the next six months, the following were accepted: for the main roads, Mr. Wm. Fakin, of Valley Farm, one horse, cart, and man, 7s. 6d. per day; for the Rothwell roads, Mr. W. Brown, of Rothwell, 6s. 9d. and 10s. per day respectively; and 4s. 6d. for each sweeping of the streets.

RATES REVIEWED AND PAID.—The Collector reported having received and paid in to the Treasurer as follows:—

General District Rate	22 6 1
Water Rate	49 11 6
	271 17 7

HUNSTALL BOARD OF GUARDIANS

The fortnightly meeting of the above Board was held on Wednesday afternoon, present:—Messrs. W. H. Ingham (chairman), Mr. R. J. Smith and Mr. H. Berry (vice chairmen), Messrs. J. Gravelly, C. Groves, J. Hargreaves, T. W. Chapman, W. Sutcliffe, J. Parker, G. W. Flockton, A. Little, Rev. G. M. Platt, Jos. Hirst, and the clerk (Mr. Schofield).

Minutes of the previous meeting were read and approved.

From the minutes of the Visiting Committee, it appears that there have occurred two fresh cases of small-pox in the Workhouse.

It was also agreed that inquiry be made of the Holbeck Union, as to the terms upon which they would board from twelve to twenty aged and infirm inmates of the Workhouse, as the accommodation at Hunstall is at present insufficient.

The Clerk communicated with the Workhouse, and was informed that the question had been referred to a Committee for consideration.

Mr. J. Hargreaves thought that it would be well to take the children permanently away to relieve the Workhouse, and do the children good in the time.

The Clerk: We find great difficulty in getting homes for the children. We have several in the house now that are eligible for boarding out, but the Committee have decided to emigrate them.

Mr. Smith: I think the suggestion to relieve the pressure in the primary by transferring about a score to Holbeck, is the best thing we can do, under the present circumstances. Mr. Smith said he did not consider the erection of cottage homes as a means of relief practicable, as such erections must be away from any future workhouse, and consequently could not be utilised for workhouse purposes.

The action of the Visiting Committee was approved, on the motion of Mr. Smith and Mr. Hargreaves.

WATER CONSUMPTION.—Mr. Flockton reported that the water consumption was again excessive, and after being taken to the meter tested, as there could be no sufficient reason for the unexpected increase.

REGULATIONS FOR SMOOKING.—A conversation ensued on the regulations for smoking and the allowance of tobacco. The consumption was reported at 1½ cwt. per head, of those who were smokers.

ROTHWELL-TIMES FRIDAY, JANUARY 6 1893

difference between the present expenditure and that of the period before the Board decided to allow the officers to have money instead of beer.

After further discussion, a resolution was carried, proposed by Mr. Hargreaves, that the Board prepare a list of the proportionate expenditure both arrangements, and that the Board at the same time written report from the Doctor explaining why the beer was given.

SEASONABLE GIFTS.—The Clerk reported that Councillor Alf. Cooke had again given to the out and indoor poor a very acceptable Christmas gift, the adults having received 1s., and the children 6d. each. Mr. and Mrs. Cooke and family had not personally visited the Workhouse and distributed the money as in previous years, owing to illness.

The Chairman proposed a very hearty vote of thanks to Mr. Cooke for his generous gift of money. The resolution was seconded by Mr. Flockton, and supported by Mr. Smith, Mr. J. Hargreaves and Mr. Gravelly, the latter three gentlemen remarking of the hearty appreciation of Mr. Cooke's Christmas gifts by those living in the out-door establishment.

The resolution was carried unanimously.

through in a most impressive manner. Mr. Higgins was in capital voice with "The old Brigade"; Mrs. Selwin Calverley following with "The Stars of Normandie," which was most charmingly rendered, and received an immense ovation.

The last item, "The Last Night," was also sung by Mrs. W. A. Mirfin, Messrs. Moore and Abbey following with the popular duet "All's well." Miss Bell then gave "Will be come" in capital style, Mr. West following with "The roll of the drum"; Mr. James came next, in a song entitled "Nancy," which was accompanied, and so well was appreciated that he received an encore, when he gave "Just before the battle, mother."

The last of the songs entitled "From Overton in Fairland" having been given, Mr. Hullah brought the programme to a close, with a comic song entitled "The man that broke the bank at Monte Carlo," which kept the audience roaring with laughter, and for an encore he sang "I could do with it." The entertainment was brought to a close by the singing of the National Anthem.

A vote of thanks to the performers, first, and who had been first and last, and lastly, was proposed by Mr. J. E. Leake, and ably seconded by Mr. J. E. Leake, which Mr. Selwin Calverley, on behalf of the performers, responded in a few suitable words and hoped that the audience had enjoyed the entertainment.

ROTHWELL-T

THE HOME, IDEAL, AND SUGGESTIVE

CABBAGE PUPPINS.—Chop fine a large brussels sprout of boiled carrot, add half the measure of bread crumbs, one egg, pepper and salt. Form it to suit, and bake in a dish for an hour and a very nice butter round. Cold breads may be soaked with the same.

ORANGE JELLY.—Six oranges; three-quarters of an ounce of gelatine; half pound of sugar (about) one lemon. Juice six oranges, grate the skins, mix the grated peel with the juice and pour through a sieve. Dissolve three-quarters of an ounce of gelatine, and stir up enough powdered sugar to sweeten the juice. Pour one in the juice of a lemon. Let it boil, mixing it well all the time. Pour into a glass mould.

PIFFED EGGS.—Four eggs; one pint of cream

One pint of milk; half ounce of butter; one red chili or three olives; six capers; half pint of good gray; Beat four eggs lightly, and mix with them about six spoonfuls of milk, or new milk, and a few capers, and a little pepper. Lather the small mounds and pour in the mixture, pat the mounds into a saucpan with about two inches of water at the bottom of it; stand on a fire twenty minutes, turn them out and serve with thick brown gravy; chop two red chilies, three olives, and a few capers and add to the gravy.

Gravy for the Turkey. Take three pounds of sugar, one pint of Court, one teaspoonful of yeast-powder or baking powder, and a tablespoonful of hot water, the last thing. Beat the eggs and sugar to a cream, then add hot water and flour. Bake in three layers, in a hot oven. Cream for inside use.

One pint of milk; put it on to boil, add six spoonfuls of cream, and a few capers, and a little pepper. When it is ready to boil, stir with a spoon.

SCOTCH SHORTBREAD.—Take four ounces of flour, two ounces of rice flour, four ounces of fresh butter, and two ounces of powdered sugar. Put all the ingredients into a basin, and work them bravely with your thumb and finger, until the whole is formed into one lump. Turn it on to a slightly floured board, and form it into a round cake about three-quarters of an inch thick. Prick the top of

over, place it on a floured tin, and bake in a moderate oven for about 20 minutes; carefully lift it on a sieve, and let it get cool before breaking it.

MASH MUSTARD.—Four to six spoonfuls salt water, two spoonfuls salt, two spoonfuls oil, one spoonful vinegar, two spoonfuls pepper, two spoonfuls olive oil; mix smooth with vinegar, use small glass minced salt. Wet the musta- & with the salt, wash with vinegar, to a stiff paste; add other ingredients and work all together thoroughly, wetting little by little with vinegar until you can beat it on a wooden cake better. **Make five minutes;** use best oil, put into a glass bottle, bottle, pour a little oil on top, and tightly seal out away in a cool place. It will keep for weeks.

POTATOE STEAK.—Take one pound of large tender steak, trim it from all bone and gristle, and sear over a fire of butter, salt and pepper. Then wash in cold water, and boil in water a little boiling tarragon or common vinegar has been poured; over that spread a thick essence of mashed potatoes, well seasoned with salt, fresh butter, and milk. Roll up the steak very tightly, with potatoes inside, and fasten with strong tape. Put the steak in a baking-pan, and pour a cupful of water over it. Bake in a slow oven, which has been heated for a winginess of port wine. Serve with a rim of mashed potatoes and watercress as a garnish.

THE LEON IN THE FAMILY.—There is no exalted

"MUCK HARR."—This recipe for "muck harr," or muck-harshness, may be used in hot dry weather.

old for lunch or supper. One pound of lean beef and one pound of lean fresh pork chopped very fine and thoroughly mixed together. Add two teaspoonsful of pepper, a tablespoonful of salt, one small onion and six leaves of parsley finely minced, a half cup of milk, a half cup of water, a half cup with less than raw eggs and half a pint of very fine bread crumbs. Mould the mixture into a loaf and place it in a buttered dripping pan. Put little pieces of butter on the top of the loaf; bake in a good oven until it is browned on the outside. Serve with a hot butter, a cold butter, a cold butter, a cold butter, a cold butter.

mor-tion, even in the night. As for the night air, being dangerous, people who think it so ought not to be compelled to learn off by heart and repeat such a thing. I have heard of a certain part of the night air, fast Miss Nightingale's well-known saying: "The dread of night air is an extraordinary fallacy. Why should we breathe at night but night air? The choice is between pure night air from without and foul night air from within. Most people prefer the latter an unaccountable choice. They will thus breathe the night air from within, and at last fall ill. All the illnesses we suffer from is caused by people sleeping with their windows shut. A window opens at the top most nights in the year and

never hurt anyone." When we remember that for the maintenance of health a grown-up person requires 10 cubic feet of pure air every minute, and where this cannot be obtained suffering and disease are sure to follow, we housekeepers must feel that it is our duty to provide untainted air in our families as much as it is to provide appropriate and sufficient food. Of food we see the importance we are ready enough to receive news about it, and are glad to make improvements in our meals. But we still need to be educated about the necessity for

STUFFED SPINACH.—Take a good slice of spinach about one pound, cut in two pieces and pretty thick; then prepare a breakfastful of bread or a large scrap of bread, and pour over them as much lard

mlk or water as will just cook them; if two moles
squore out as much as possible. Heat it up
with a fork to break any lumps, then add one large table-
spoonful of meat chopped finely, one tablespoonful
of parsley chopped up, one small onion chopped
half a teaspoonful of salt, a little pepper, and mix
all well together; use a little flour to bind into a
ball. Roll it up in the steak, and tie it into
a nice round shape with string. That's

over the outside with flour. Put into a small stewpan one tablespoonful of dripping, and let it get quite melted; put in the steak, and fry it all around carefully till the outside is quite brown; then put in a very little water, perhaps half a tumbler, and cover down the lid; let it stew very slowly, turning it over often; add from time to time a little water. Let it cook one hour and take out the steak, and serve with the green sauce.

A MOTHER'S LOVE.—A mother's love! How lightly do we often value and how little do we appreciate a kind loving mother. What a fountain of pure unselfish love rises up from her generous loving heart. Who will love us as a mother should. And who will suffer, work, and toil for us, deprecate

ing thousands of every comfort, in order that we may be well cared for and spared all anxieties and cares of life? No one but "mother." We may have a kind father, gentle and loving brothers and sisters, and when we grow older, and leave the paternal roof, we may be fortunate in securing a kind husband or wife, and may be blessed

with faithful and happy children; but no one will ever exercise towards us the same kind, patient love and gentle forbearance as a mother. How kind we should be to her! We should share her anxieties, lighten the burden of her cares, and strive to make her declining years happy. It is a duty

well as a day we owe to her, and it is happy in the power of all to pay it. Think of the many days of weary toil and the years of unselfish love and patient devotion she has given to us, and then let us ask ourselves if we can do too much for "Mother."

A work of good quality should be white, tawny, or pink, with a close fine grain and free from streaks. Wet plantations give a soft lustrous description of product.

The electric light, supplied by a portable battery, has been applied for lecture illumination. This will be good news to lecturers, who have been tormented by the oxy-hydrogen light.

STOURTON SCHOOLS ENTERTAINMENT.

The annual festival of the scholars attending the Bothwell Haigh school took place on Tuesday and Wednesday, when prizes were distributed and an entertainment given before crowded audiences.

On Tuesday the proceedings were presided over by Mr. J. H. Menor, late chairman of the Board, who, having briefly expressed his pleasure in being present, introduced Mrs. Fatkin, who had kindly promised to distribute the prizes to the infants. Mrs. Fatkin then gave reward books to the following children, the full terms receiving an extra present of a shilling each:—

taken from it, but that property intended to be used in the motion shall not be used.

high quality, and great solubility; and connects the
National Association to members. In summary:

Come, then the **Home CAREER** is my point of guarantee of purity.

FINANCY ASSURANCES are also given. "It is safe from irritation of the throat and inflammation of the lungs," says the advertisement, "and will be generally surprised at the pleasant taste which is ordered in the name of 'Bar's' Broun's Cough Syrup." These "cough" "languages" are now sold most numerous pharmacies in this country at 15c. 10c. per bottle. Some troubled with a "hacking cough," "dry cough," or bronchial affections, expect to get them the same, as similar troubles. It should be in green, even, in serious pulmonary and Asthma's attacks. "But that the world's" "Bar's" Broun's Cough Syrup" is on the Government's official list of drugs. Prepared by JAMES I. BROWN & SONS, Boston.

THE HOME: USEFUL AND SUGGESTIVE
SQUAB-PIE.—Take two pounds of the best end of neck of mutton, cut it into small pieces, flavour with salt and pepper, and put a layer of it at the bottom of a pie-dish; next add a layer of sliced apples and onions, with two dessert-spoonsful of brown sugar.

RAISIN BATH.—Take a good piece of mink or muskrat and put it into a pan with two quarts of oil and water and a teaspoon of pearl-barley. Let it boil, then boil, then have ready, cut in small slices, a pound of butter, a pound of tallow, a quart of cabbage, and two or three onions sliced. Stir it all together for about three hours; then skim off the fat, and add a little chopped parsley.

FRITTERS.—Peel and dip out the seeds from the fruit, then slice and cut out the hard core of each slice. Dip the fruit in the batter and fry in hot fat. Add to half a pint of hot sugar syrup a tablespoonful of liquor, and serve with the fritters. Make the batter as follows. Beat the yolks of three eggs, and add a glass of milk, a pinch of salt, and a little flour.

[illegible]

SMALL SACRIFICES.—How seldom are these small sacrifices appreciated. Take, for instance, the mother who has had broken slumber, if any at all, with the morning babe, whose wants must and be

the breakfast hour comes, but patiently and uncomplainingly she takes her timely seat at the breakfast table, and sits down with a refreshing cup of coffee or tea before she signs any herself; and when the cup is handed back before she has finished her meal, she calmly complains this weary mother—that her breakfast is cold before she has time to eat it! And this is no exaggeration, for she has not had a bite of food all the year. Do you call this a small thing? Try it and see. Oh, how women shame man by her ferociousness! But, alas! she is not alone in this. It is these little things that are tests of character. It is by these "little" self-denials, borne with calmness and forgetting good and evil, that a woman is made a saint, though we fall to see it, until the chair is vacant and the hand that kept in motion all the domestic machinery is powerless and cold.

DOG EAT A CURE FOR CONSUMPTION.—A new and remarkable cure for consumption, which has been just patented by a destitute and dying German citizen of America. The following is the recipe:—Take a young dog, of the breed of pointer and two children, emigrate from Pomerania, in East Germany, five years ago. While striding at a stoutheaded pace, and with a long, straight back, and has been dying by inches for about three years. The family lived on milk and potatoes all the time, and the dog was fed on the same food. The dog was forced to make their waste food, and received enormous supplies of (not food, but) money for his services. The dog was fed on the same food. Brag on his success incessantly, and with such violence that his flesh heaves and purple, and it takes him a long time to get his breath. The dog is a charitable woman who has attended so devotedly to his wants he recently notified the agent that he had a new remedy for coughs. The reply was that the dog was "dogging" him, and what it he replied that it was "dog's growl," and that he set it on bread, the same as butter. He then informed him by a fellow-countryman, while the dog

removed the remainder of the carcass was rendered in a wash boiler into something resembling lard. The first lot, varying the much of the nature of

the greyhound yielded but little ground, so three weeks ago a better favored man was selected. The new dog was a yearling, and it was expected he would win his races for two months. Mr. Beavis with true wisdom declined to back him, and he was right.

He came out on top among the last running couple of large colts and the combination is now a foregone conclusion.

ARTERY SUFFERING SERIOUSLY—The cause induced by mental excitement, excessive exertion, or overeating, is the most common cause of the disease, and is usually accompanied to drops or poisons, and occurring in the neck of the brain, it is called aortic aneurism, and is the beginning of small arteries. They burst, and hence the sudden attack. Overactivity of the heart, and the consequent increase of the force of the small artery, are causes. The pressure created through the circulation of the white brain.—Attacks rarely occur in the morning, and the patient is usually awake when he awakens. The full onset may take a few seconds or half an hour, and the patient is usually unconscious for a portion of the time; paralysis of half the face and hand and the body on the opposite side of the body is the usual result. The patient may or may not lose consciousness. Movements, if any, are confined to one side. Will may be exerted though the patient is unconscious. The patient may be unconscious for half the time; the pupils are contracted or dilated; and usually within a few days the patient dies.

SYMPTOMS—The first symptoms are a fast, irregular pulse. If the patient is not treated, the pulse will improve, and especially if increased, the

minutes, hours or several days. Under twenty years apoplexy is rare, and liability diminishes after

severity. Some suppose that a short nose and a habit of sneezing in it. Statistics prove the contrary. An attack is generally repeated, the patient commonly being unable to get up or to swallow. Do not mistake apoplexy for intoxication. One of the symptoms of drunkenness are of a locked-up and altered mind and found dead. Distinguish intoxication by the colour of the breath, general heaving, dilated, symmetrical pupils, cool, feeble pulse, absence of sweating. Signs of drunkenness usually can be formed from the incoherence. In apoplexy the temperature is normal or raised. In drunkenness it is lowered. In opium poisoning the patient can generally be roused for a moment. The pupils are very small and symmetrical. Kidney disease, which

causes unconsciousness, is usually known already. In fainting there is a cold, white face and no pulse to be seen at wrists and for the doctor. Keep the

In case of dysentery, use the same treatment as in the case of cholera, but give cool and cold. Apply mustard plasters to the legs, back and stomach, alternately. Give injections of oil and warm water and strong purgatives, after the attack. Bleeding or shave off the hair. A very strong man, under fifty, might be bled.

At certain hours everything seems impossible, as

When men grow virtuous in their old age they only make a sacrifice to God of the devil's laughing. If a man were to set out calling everything by its right name, he would be laughed down before he got to the corner of the street.

The goodness which comes without love is far better than any goodness which love can make, and it is quite certain that culture with all its advantages must be overruled by contrast and contrast.

LOST.
TEN SHILLINGS REWARD.—Lost in Carlton, near the Leeds and Wakefield Road, a black and white dog, about 12 months old, with a collar, black patch over one eye and on back; name on collar, "Bess, Hilary Place." Above reward to anyone bringing same to Dr. James Nowell.

BIRTH.
RAVENSLEY.—On Thursday, March 23rd, at Oulton Paragon, the wife of Mr. A. G. Ravensley, of a son.

IN MEMORIAM.
Having in loving memory of our dear father, James Smith, of Carlton, who died March 24th, 1892. "Not lost, but gone before."

Always.—In loving remembrance of my dear aunt, Francis Angus, of Oulton, who died March 21st, 1891. "Though lost to sight, to memory dear."

MARSHALL.—In loving memory of Francis Andrew (Frank) Marshall, who died March 23rd, 1892. "He shall gather the lambs with His arm."

Rothwell Times.
Circulating in Rothwell, Woodlesford, Oulton, Carlton, Lothhouse, Middleton, Leeds, Harrogate, and Kettleby.

Friday, March 24, 1893.

GOOD FRIDAY.
As the Rothwell Times will be published on Thursday next week, we would urge our readers to send in News and Advertisements not later than Tuesday evening.

ROTHWELL LOCAL BOARD MEETING.

The usual meeting of the above Board was held on Wednesday night, 23rd inst. Messrs. W. Hargreaves (chairman), J. Hargreaves, Walter Hargreaves, G. Armitage, J. Oliver, T. Oliver, G. Lockwood, T. Hargreaves, H. P. Newcome, J. Armitage, F. E. Middleton, J. Stand, W. Sykes, with the clerk (Mr. S. Hargreaves), medical officer (Dr. Stevenson), collector (Mr. Marshall), and surveyor (Mr. Green).

MOTION.—The minutes of the previous meeting were read and confirmed.

At a meeting of the Highway Committee it was decided that the Clerk inform Messrs. Carter, Ramsden and Carter, solicitors to the Harrogate Railway Co., that the Board cannot allow the claim respecting the width of road to be left on the Leeds and Wakefield road. It was also agreed that the workmen employed on the roads shall work the following hours:—commence at 7 o'clock, have an hour for dinner, and finish at five o'clock at night; Saturdays commence at 7 o'clock and finish at five.

Before the minutes of the Highway Committee were passed, Mr. Lockwood said he was in favour of the workmen ceasing work at one o'clock on Saturdays.

A letter had been received from the Great Northern Railway Company, advising to the Clerk's letter re-repairs near their new bridge at Thorpe, the company intimating that they were preparing to build the bridge, and will complete the new road satisfactorily.

WATER SUPPLY.—The Clerk read a letter from the Wakefield Sanitary Authority, re the water supply to Lothhouse and Carlton districts, the Board having previously asked a authority upon what terms they would furnish a supply of water to the district. The Authority is now paying attention to the matter, and asked the Board, seeing that it is impossible to fix terms at present, if

Mr. T. Oliver—"It is only a question of when."

Mr. Oliver thought it would be better to work through without any time for lunch, and give up at half-past twelve.

The minutes of the Committee were eventually confirmed. Mr. Stand voting against.

A special meeting of the Board had been held, at which the Clerk's resignation was accepted, on the motion of Messrs. J. Hargreaves and Lockwood. It was agreed to advertise for a successor to Mr. S. Hargreaves, at a salary of £70 per annum, the board deciding that it should be left open for solicitors or any other gentlemen to make application.

HEALTH REPORT.—The medical officer, in presenting his monthly report, stated that the figures submitted only related to the last quarter, as he was not able as yet to give a return of the births and deaths in the newly-added area, which was only returned once per quarter. The number of births registered in the Rothwell portion of the district was 16 (9 males and 7 females); and 8 deaths (5 males and 3 females); the cause of death were, two each from bronchitis, convulsions, and apoplexy, and one each from phthisis and apoplexy.

The Doctor also reported another case of scarlet fever occurring at Thornton. Several nuisances were also spoken of, particularly that which exists on the premises lately occupied by Mr. T. Barrett, in Commercial Street. The nuisance had previously been complained of, and instead of getting better it was daily growing worse. There were three houses without a proper septic, the privy was not in proper order, there was an open cesspool and other irregularities.

Upon the suggestion of Mr. Chairman, it was arranged that the Sanitary and Sewerage Committee inspect these nuisances as an early date.

Referring to the Tiled House, the medical officer remarked that the house which had previously been spoken of during the time of the old Board, had been out of use for some time, but was now occupied, the surveyor informing him that the house was in a habitable condition.

DRAINAGE.—Mr. Walter Hargreaves, according to notice, proposed that a scheme of drainage for Lothhouse, Carlton and Thorpe be devised and proceeded with; he only moved the resolution so that the Sanitary and Sewerage Committee would have some ground to move on.

Mr. Newcome asked if they had got the plans yet from Mr. Mannie; Mr. Lockwood also enquired if Mr. Hargreaves was asking for money to engage an engineer.

Mr. Walter Hargreaves said that these matters would be taken up afterwards.

The resolution was seconded by Mr. Theo. Hargreaves, supported by Mr. T. Oliver, and unanimously carried.

APPOINTMENT OF A COLLECTOR.—Mr. J. Oliver, pursuant to notice, proposed that Mr. B. Marshall be appointed collector for the new district, at a salary of £45 per annum.

Mr. J. Armitage seconded, and several members spoke of Mr. Marshall as being a very good collector, and capable of carrying out the work satisfactorily.

Mr. J. Hargreaves said at last meeting he had opposed the appointment upon principle. No Committee had a right to appoint any permanent officer without bringing the matter before the Board. Each member of the Board ought to have notice when any appointment was to be made, and because this notice had not been given he opposed the appointment being made at last meeting.

Mr. Newcome asked if it was necessary to have two collectors.

Mr. J. Oliver: "The appointment is only for one year."

Mr. J. Armitage said it would be something in support of the resolution, to know that if Mr. B. Marshall was not appointed, he might claim compensation.

In reply to the remarks of Mr. J. Hargreaves, Mr. J. Armitage said that the Committee did not intend to appoint a new officer, it was practically a continuance of his appointment.

The resolution was then carried.

REPAIR OF HIGHWAYS.—Mr. Theo. Oliver chairman of the Highway Committee, submitted an estimate of the proposed expenditure on the highways for two years. The main roads in the old Board's portion of the district were taken first, the cost of granite, levelling, team and manual labour, for the Leeds and Wakefield Road being estimated at £701 10s., and the Leeds and Malton Road £281 10s. Wakefield and Airedale £200 10s. Lothhouse portion of main roads, Leeds and Wakefield £242 10s., Carlton main roads £200 10s. Thornton £147 10s., total for main roads £2948 10s. Other roads; Rothwell £748 10s., Lothhouse £270, Carlton £207 10s., Thorpe £280, total £1665 10s. Miscellaneous expenses, repair of road roller £207, new horse truck £26, new scraper £23, total £10, total miscellaneous expenses £128, making a grand total of £4688. Mr. Oliver remarked that the £4688, was, as they were aware returnable by the County Council, as that £4688, was the sum to be raised from the local rates; he proposed that the estimate be adopted.

It was also decided to advertise for material required, and for tenders for levelling.

Mr. Newcome remarked on the road near the new cessways being laid in some portions of the Rothwell district, and as no provision had been made in the estimate for new cessways being laid in Wood Lane, he gave notice that at next meeting, he would propose that the Board lay down 100 yards of cessways in Wood Lane, between the Church and J. R. Jones.

A letter had been received from the Great Northern Railway Company, advising to the Clerk's letter re-repairs near their new bridge at Thorpe, the company intimating that they were preparing to build the bridge, and will complete the new road satisfactorily.

WATER SUPPLY.—The Clerk read a letter from the Wakefield Sanitary Authority, re the water supply to Lothhouse and Carlton districts, the Board having previously asked a authority upon what terms they would furnish a supply of water to the district. The Authority is now paying attention to the matter, and asked the Board, seeing that it is impossible to fix terms at present, if

they would agree to pay at the price per thousand gallons, of what may hereafter be fixed, or in the event of no arrangement being come to, to pay upon the same terms as previously agreed on by the Lothhouse Sanitary Committee.

cost prepared for the guidance of the Finance
Committee in preparing the estimate for the
new rate. The Committee's minutes were
approved.
A meeting of the Water Works Committee
had been held, when the draft agreement
with the Wakefield Rural Sanitary Authority
was considered; its further consideration
was taken in Committee.

ESTIMATES FOR ROAD MATERIAL.—The
consideration of the estimates for the supply
of road material occupied considerable time,
it being found necessary to accept the follow-
ing tenders:—Threshold Granite, 10s. for
3,200 tons; 10s. 6d. per ton. Mr. Delaney
of Horton Limestone Works, 850 tons of
limestone at 6s. 8d. per ton. Mr. Lynch,
Hunslet, 800 tons black stone to be laid into
Boyle lane at 7s. per ton. It was also
agreed to purchase a quantity of stone at 4s.
per ton, from the Wakefield Iron Co.,
for use on the Leithouse "other" roads.

In discussing the above tenders, Mr.
Turner advocated the use of limestone on all
the roads, instead of such costly material as
granite. This he had argued upon the Roth-
well local Board for half a dozen years, but
he had not got the Board to adopt his idea
nor even to give it a trial. The Board was
about to purchase over three thousand tons
of granite, and if the cheaper material he
used as good results—and he believed
it would be—a saving of something like
five hundred pounds. He would not
particularly urge it upon the Board at the
present time, but for the opinion of a
practical engineer, who says that it is worth-
less covering road material with road
chippings and rubble, as it made the roads dusty
in summer and slippery in winter. He, Mr.
Turner, wanted the Board to re-examine
their methods of road making, by using
cheaper material and binding it together with
new material, such as chippings and a little
lime. He knew some districts in Bradford
where the material used only cost 6d. per
ton, and the roads were in almost perfect con-
dition. He supposed it would be more than he could
hope for the Board to come purchasing
granite, but they might try some new yards
on the methods which he had recommended.
The Chairman said they had it on the
authority of the County Surveyor as to what
would be the consequence, if anything, but
granite was used upon the main roads.

Mr. Thos. Oliver, chairman of the High-
way Committee, said he would be in favour
of giving Mr. Turner's system a fair trial, by
laying down at least 100 yards according to
the County Surveyor's recommendation. The
Chairman said they had it on the

authority of the County Surveyor as to what
would be the consequence, if anything, but
granite was used upon the main roads.

Mr. Thos. Oliver, chairman of the High-
way Committee, said he would be in favour
of giving Mr. Turner's system a fair trial, by
laying down at least 100 yards according to
the County Surveyor's recommendation. The
Chairman said they had it on the
authority of the County Surveyor as to what
would be the consequence, if anything, but
granite was used upon the main roads.

Lothwells, Methley, and Bthwell Carriers used the day.

CATERPILLAR

HAT FEVER CATERPILLAR CURE

A NEW HOME TREATMENT.

Builders are not generally aware that these animals are omnivorous, or that they are due to the presence of living parasites in the lining membrane of the nose and condition taken.

Microscopic research, however, has proved this to be a fact, and the result is that a simple remedy has been discovered whereby these disgusting creatures are rapidly and permanently cured by a few simple applications made at intervals by the patient once in two months. A remarkable example of this new treatment is given on receipt of 3d. Stamp. A. H. HARRIS, D.D.S., 43 & 45, St. John Street, Toronto, Canada. Scientific American.

ROTHWELL LOCAL BOARD MEETING.

The fortnightly meeting of the above Board was held on Wednesday evening, present:—Messrs. Wm. Hargreaves (Chairman), J. Hargreaves, E. Oliver, J. Curzon, T. Hargreaves, H. P. Newcombe, E. L. Middleton, Walter Hargreaves, Geo. Lockwood, J. Armistead, J. Oliver, G. Armistead, W. Bykes, J. Stead, and the clerk (Mr. Wimbush), medical officer (Dr. Stevenson), and surgeon (Dr. Greenwood).

MURRAY.—The minutes of the previous meeting were read and confirmed.

A meeting of the Sanitary, Sewage and Building Committees had been held, at which it was recommended that Mr. T. H. Richardson be appointed engineer to carry out the drainage scheme for Lothwells and Carlton.

It was also decided to advertise for an Inspector of Nuisances, Food and Drugs, and Cow Sheds, at a salary of £80 per annum, the same offer to carry out the duty of Water Works Inspector, and Inspector of Canal Boats at an additional salary of £10 per annum.

The Committee also decided to advertise for a Medical Officer for a term of five years, at a salary of £60 per annum.

It was also agreed that a letter be written to Mr. J. Newcombe, of Woodlford, calling upon him to discontinue forthwith his building operations on Holmside, until the plans of such buildings have been approved by the Board; and that in default of not so doing, proceedings would be at once taken against him.

It was agreed that a letter be written to Mr. Bines of Bradford, requesting him not to encroach beyond his boundary line in Fall Lane. The Committee would also, if desired, ask him a strip of land in Dolphin Lane at 2s. per yard, to enable him to carry out his plan, which with sections of the drainage, had been approved by the Board.

The Committee also decided that no further negotiations be entered into with the Wakefield Authority, in relation to the drainage of houses at Thorpe, and that the suggestion made by that Authority for the re-transfer to them of the Thorpe portion of the Board's district, be not entertained.

At a second meeting of the above Committee, it was decided that Mr. Bines be allowed to build according to his plan, as now delivered, so far as regards the building line only, provided that no point shall any

street (including causeways) be narrower than 30 feet.

MEDICAL OFFICER'S REPORT.—Dr. Stevenson reported that in the Board's old district, 18 births (9 males and 9 females) and 6 deaths (5 males and 1 female). The death rate was abnormally low, three of the deaths being in infants; one over 65 years of age, and two deaths by accident, in which cases inquests had been held. The Medical Officer was very sorry to report that in the new district there had been no less than five cases of infectious disease, one case of diphtheria, and four cases of scarlet fever. The case of diphtheria had proved fatal. In one of the cases of scarlet fever (North Field), the Medical Officer attributed the disease to the faulty construction of the sink pipe, which was not trapped, and the sewage was finding its way into the cellar.

In this case, the Board decided that a letter be written to the owner asking that the drain be properly trapped and cleaned.

ANOTHER CASE OF OVERCROWDING.—The Medical Officer reported a case of overcrowding at Lothwells, in the house occupied by Mr. E. Ward, near the Pinfold. Ward lived in the house with his wife and twelve years. The house consists of kitchen and one bedroom. There is no fire-place in the sleeping room, which holds three beds. The family consists of father and mother, and 8 children, one of the sons being 19 years of age, another 17, and one of the daughters 15 years of age. Three of the sons are working. The family of 10 occupy one bedroom.

Mr. J. Hargreaves:—"It is a question of health, and morality as well."

Mr. Newcombe proposed that notice be given to the nuisance at once.

Mr. J. Hargreaves consented, and the resolution was carried unanimously.

IN COMMITTEE.—The Board went into Committee on the Infectious Diseases Hospital question, and no further public business was taken up, the meeting being adjourned until to-night.

A NEW HOME TREATMENT.

Druggists are not generally aware that these diseases are contagious, or that they are due to the presence of living parasites in the lining membrane of the nose and catarrhal tubes.

Microscopic research, however, has proved this to be a fact, and the result is that a simple remedy has been formulated whereby these distressing diseases are rapidly and permanently cured by a few simple applications made with the patient nose in two weeks. A pamphlet explaining this new treatment is sent on receipt of 2d stamp by A. HUTTON DREW, 43 & 45, East River St., Toronto, Canada. Scientific American.

THE ROTHWELL LOCAL BOARD.

NOTICE is hereby given that this Board, as the Urban Sanitary Authority for the District of Rothwell-with-Rothwell and Leeds Green and Lothhouse-with-Carlton and Thorpe, in the West Riding of the County of York, will on Wednesday, the 17th day of May, 1893, proceed to appoint (subject to the approval of the Local Government Board) an Inspector or Inspectors for the said District. The amount of the proposed salary to be assigned to each officer, is 250 per annum.

Tenid this notice day of April, 1893.

J. BOUGHIE WIMBUSH,
Clerk to the Board.

THE ROTHWELL LOCAL BOARD.

THIS BOARD receive applications for the post of Inspector of Nuisances and of Waterworks and Canal Boats for the District of Rothwell. The salary will be 470 per annum.

The Person appointed must devote the whole of his time to the duties of the position.

Each candidate must send his application in his own handwriting, stating age and previous occupation, to me, in an envelope marked on the outside "Inspector," on or before the 15th May next, together with three recent testimonials.

Dated this 27th day of April, 1893.

J. BOUGHIE WIMBUSH,
Clerk to the Board.

TO BUILDERS.

TENDERS are invited for erecting the New, Bank at Aids, and part of Tower, of Otter Church, Lothhouse. Drawings, specifications, and full particulars at my office. Sealed tenders to be sent to me not later than 5 o'clock p.m. of Friday, May 13th. The lowest or any tender not necessarily accepted. B. WATSON, Architect.

DEATHS.—On Thursday, April 27th, Edward Sower, son of Charles and Mary Ann Sower, 7, South Grove, Stourton, aged 8 years and 9 months.

DAVEY.—April 26th, aged 65 years, John Davey, of Bolton.

JERREY.—April 26th, aged 96 years, Tom Jeffrey, of Bolton.

DAVEY.—April 21st, aged 36 years, Martha Davey, of Bolton.

Friday, April 28, 1893.

ROTHWELL LOCAL BOARD MEETING.

The adjourned meeting of the above Board was held on Friday night last, present:—

Messrs. W. Hargreaves, (chairman) Jas. Hargreaves, J. Oliver, Walter Hargreaves, J. Turner, J. Stead, T. Hargreaves, T. Oliver, J. Armitage, W. Sykes, and the Mayor (Mr. Wimbush) and surveyor (Mr. Greenwood).

THE INSPECTOR DISEASES HOSPITAL.—After some conversation relative to the resolution passed at last meeting, with regard to the directions given to Mr. Coghill for the preparation of the plans for the above, it was decided that Mr. J. Hargreaves and Mr. J. Oliver, see the tenants of the land to make arrangements with them for giving up possession.

THE LOTHOUSE AND CARLTON WATER SUPPLY.—A letter was read from the Wakefield Sanitary Authority, referring to the Board's application for a water supply to the above district. The Authority state that they would undertake to furnish a supply from Ardsley at 1s per thousand gallons, or from Stanley at 10d per thousand gallons. The Board to supply a storage reservoir if it became necessary, and to enter into an agreement for a supply for twenty years.

Mr. J. Armitage said he would not entertain the agreement.

Mr. J. Hargreaves thought that a certain party had recently been prevented from stopping a water supply, and he did not think that the Local Government Board would allow them to shut off the supply at a short notice, supposing the Board did not fall in with their proposals.

In answer to a question, the Clerk said he had written to the Morley Corporation as to a supply from that Borough, but had not had a reply.

Mr. J. Armitage said he thought that the Morley Corporation could give them a water supply, at a far less price than that quoted by the Wakefield Authority.

The Chairman thought that the Wakefield Authority were playing a high hand, and Mr. J. Armitage said he or his Committee was playing a high hand.

Mr. Turner: "Why not supply Lothhouse, Carlton and Thorpe through our own pipes?"

Mr. Turner asked what condition the Leeds Corporation water supply was in.

The Chairman: "It is coming before Committee."

Both these questions of water supply were referred to Committee for the Authority.

DRAINAGE OF LOTHOUSE AND CARLTON.—A letter was read from the County Council, asking what had been done with regard to the arrangement for the treatment of the Lothhouse and Carlton sewage, at the Lothhouse Outfall Works.

The Council requested the Board of the land given to Local Government Enquiry, as to the drainage of the added district, and asked if they were preparing plans for the scheme.

Mr. Walter Hargreaves thought that the Hunslet Sanitary Authority would be expected to deposit a plan with the Board, with a view to making arrangements for the additional sewage.

On the motion of Messrs. J. Oliver and G. Armitage, it was agreed that the Sanitary and Sewage Committee arrange for the deposit of a plan with the Authority.

Mr. Turner: "What is the meaning of this?"

Mr. Walter Hargreaves: "The meaning is that we have to approach the Authority with a view of their adopting a more modern system of drainage, and as to whether they will take the drainage from the added district."

The Chairman intimated that in taking additional sewage matter through the Rothwell pipes, they would have to consider Mr. Oliver, who insisted upon having a clause inserted in the agreement for the sewage passing through his land, that no additional sewage was to be put into the pipes without another agreement being come to.

The Clerk was instructed to approach Mr. Oliver on the matter.

THE APPOINTMENT OF MEDICAL OFFICER.—Mr. Turner said that it had been suggested to him that some medical officer should be appointed with regard to the appointment of a medical officer, for a term of five years. The Authority might, before the expiration of that term, undergo a change, and the medical officer come on for compensation. He proposed that in the appointment of a medical officer, the expenses of the Board should be his waiving any claim for compensation for any unexpired period of the term.

The resolution was agreed to.

INSPECTOR OF NUISANCES.—On the motion of Mr. Walter Hargreaves, it was agreed to advertise for an Inspector of Nuisances, the appointment to be made on or before the 15th May next, together with three recent testimonials.

THE HUNSLY RAILWAY.—A long conversation took place relative to the correspondence that has taken place between the Board and the solicitors for the Hunslet Railway, with regard to the width of the proposed bridge to span the highway at Stourton. The Company show a span of 55 feet, and the Board claim 55 feet for vehicular traffic, and 3 feet 6 inches for a roadway. A resolution was passed asking that the full width be ordered to be written to the Board, and that the Board should be intimated that if such was not carried out, the Board would oppose the Bill.

THE GILLET LANE LANE.—FURTHER OFFERS.—For the 600 yards of land in Gillet Lane, which the Board are offering for sale, Mr. T. Brock, of 15, 16, 17, wrote offering £15; the Board to transfer the land free of cost.

Another offer was made, by a person who desired his name not to be disclosed, who would give £15, and pay his own costs.

Mr. T. Oliver: "I think we had better say we are not prepared to accept of the offer."

Several members thought the land might come in useful for the Board, for slaughter houses or Public Baths, and no resolution to accept either offer was proposed.

MR. BIRDS AND THE BOARD.—It was agreed that a letter be sent to Mr. Birde, asking him to remove the engine from the road side, and to sit up the wall at Thorpe, where he is about to carry out extensive building operations.

FLAGGING.—Mr. Thor. Oliver proposed that the Highway Committee be empowered to lay 400 yards of flagging during the year.

The resolution was agreed to.

Mr. Sykes hoped the Committee would not forget the gateway in Carlton Lane; it was one of the most important matters in the district, and was in a very bad state of repair.

Mr. Sykes also proposed that the owners of the land at the top side of the Board School, be asked to put the wall into a proper state of repair, as loose stones were throwing across the roadway and road, and were a source of danger to pedestrians.

Mr. Turner endorsed Mr. Sykes' remarks, and seconded the resolution, which was carried.

THE "ROTHWELL TIMES".—Mr. Turner said that it had been customary for the Board to purchase a copy of the "Rothwell Times," for reference by the members and officers, and as he deemed it advisable to keep a record of local events, he proposed that the Board purchase, and have bound each year, a volume of the journal referred to.

Mr. Walter Hargreaves seconded.

Mr. Sykes proposed that if the "Rothwell Times" be bound, the "Free Press" be also purchased and preserved.

Mr. Turner said that the "Rothwell Times" gave by far the greatest amount of local news, and had proved very valuable many times for reference.

After some conversation, a counter amendment was passed that the Board do not bind either of the journals.

Mr. Turner then proposed that the Board purchase some books for the guidance of officials and members, but the resolution was not carried.

MISCELLANEOUS.—Mr. Turner gave notice that at next meeting he would propose that the Board appoint an examiner of plans.

Mr. J. Oliver asked the Committee who had recently been appointed, to petition the County Council for the removal of the disincorporation, and if they would meet at an early date and push the matter forward.

Some chippings that had been put on the side walk near the Church, was ordered to be removed.

Mr. J. Oliver said it was time the Finance Committee got out the estimate for the next half-year, and as a preliminary he would like the Gas and Lamp Committee to give them an idea as to what their expenses would be.

Mr. Sykes asked if the Local Board had any power to make Mr. Meynell Ingram replace the bridge across the old river at Waterloo, which was swept away during the heavy floods last winter.

Some of the members thought this was not a public road, but the Clerk was instructed to look into the matter before next meeting.</

HAY FEVER, CATARRH, DEAFNESS
A NEW HOME TREATMENT.
Sufferers are not generally aware that these dis-
eases are contagious, and that they are due to the
presence of living parasites in the lining membrane of
the nose and middle ear.
Microscopic research, however, has proved this to
be a fact, and the result is that a simple remedy has
been discovered whereby these distressing diseases
are rapidly and permanently cured by a few simple
applications made at home by the patient once in two
weeks. A pamphlet explaining this new treatment is
sent on receipt of 21d stamp by A. HIRSH, D.D.S.,
43 & 44, East Roper St., Toronto, Canada. Send
American.

**ROTHWELL LOCAL BOARD
MEETING.**

The fortnightly meeting of the above
Board was held on Wednesday, present:—
Messrs. W. Hargreaves (chairman), T.
Oliver, J. Oliver, J. Turner, Walter Har-
greaves, J. Hargreaves, G. Arncliffe, H. P.
Newsome, W. Sykes, T. Hargreaves, J.
Stead, J. Arncliffe, F. E. Middleton, J. R.
Leak, and the clerk (Mr. J. B. Wimbush),
medical officer (Dr. Stevenson), collector
(Mr. Marshall), and surveyor (Mr. Green-
wood).

MINUTES.—From the minutes of the
Building Committee, it appears that the plans
submitted by Mr. Newsome, of Woodlesford,
had been approved.
The Finance Committee recommended the
following payments, which were subsequently
passed by the full Board:—

| | |
|---|----------|
| A. Baily, registration .. | 5 s. 4. |
| J. Baily, criminal .. | 6 12 2 |
| J. and N. Dobson, leading .. | 12 0 0 |
| S. Pottis & Co., lamp pillars .. | 18 0 0 |
| W. Pottis, leading, &c. .. | 16 14 6 |
| W. Turner, leading, &c. .. | 31 14 4 |
| A. Marshall, stationery .. | 2 2 6 |
| Leads Corporation, ledge, water, &c. .. | 123 12 0 |
| Repayment of loans .. | 26 11 1 |
| G. Wile, plumber .. | 11 8 0 |
| Barnes & Wakefield .. | 101 0 0 |
| Salary .. | 7 19 0 |

A special general meeting of the Board
was held, to consider the amended plans
of Mr. Coghill's, for the Infectious
Diseases Hospital. The amended plans and
conditions were accepted, subject to some
alterations pointed out being made.
Arrangements were also made for the
Clerk, Medical Officer, Architect, and Mr. J.
Hargreaves, to wait upon the Local Govern-
ment Board, in London, relative to the
erection of the proposed building.

It appears from the minutes of the Build-
ing Committee, that Mr. W. B. Newsome,
of Bradford, has commenced building his house
at Thorpe, before having his plans passed by
the Board.
The Board had asked him to cease building
until the plans had been passed, and as there
were serious objections to the plans that had
been submitted, and which violated the
Board's By-laws, the Board decided to take
some strong measures.
Mr. T. Oliver said they might as well burn
the By-laws, if they allowed Mr. Newsome to
proceed with his building. If it had been

the case of an ordinary working man, he
would have been stopped straight off, and he
thought that although Mr. Newsome might be
considered an important individual, the By-
laws ought to be allowed to operate.
The Chairman said Mr. Newsome had set the
Board at defiance, and should be brought to
his proper place.
It was ultimately decided that the Clerk
have authority to take legal proceedings
against Mr. Newsome, in order to compel him
to conform to the By-laws of the Board.
At a meeting of the Sanitary and Sewage
Committee, it was decided that Mr. T. H.
Barnes, of Leeds, should take the drainage of
the drainage of Lothhouse and Carlton
district, and that the Clerk write Mr. Cal-
verley relative to the additional sewage,
which it is proposed to put into the Rothwell
pipes.

THE OVERCROWDING.—**MARY CASE.**—
According to instructions given by the Sanitary
and Sewage Committee, the Medical
Officer reported having examined some
houses at Thorpe and Robin Hood.
The houses of Mr. Deasley's, at the bottom
of Thorpe Lane, had no privy or ashpit ac-
commodation whatever, the water supply,
and the houses were in a general tumble-down
condition. The soil at the back of the
houses was level with the chamber floor, and
there was an accumulation of water in the
cellar. With reference to overcrowding in
the house of a man named Lee, there was a
kitchen and bedroom in the bedroom, the
house was three beds. The occupants of the
house were as follows: father, mother, four
grown up sons, and a daughter 11 years of
age. The daughter has just recovered from
diphtheria, and at present is away from home.
The mother, however, is still in bed, and
she is thought to be suffering from diphtheria.
The Medical Officer said that he had been
thought it right to bring other cases
before the Board, which were still more
glaring.

Near the Quarries at Rothwell Haigh,
there were several wood huts, in one of
which lived a man named J. C. Corps. This
house consisted of a kitchen, small scullery,
and two bedrooms. There were father,
mother, six children and three lodgers.
Mr. J. Arncliffe asked if this was under
the Wakefield Rural Sanitary Authority?
In the house of a man named Varley, there
were father, mother, and five children, the
house having only two bedrooms. In
another house, occupied by D. Biley, there
were two bedrooms, the occupants of the
house were father, mother, two children and
five lodgers.

The Medical Officer also drew the Board's
attention to a case at Oulton Green, where
there was a case of scarlet fever. The
occupant of the house was called Jukes; the
house consisted of a chamber and kitchen,
and there were father, mother and six
children, and one of the children was suffer-
ing from scarlet fever.

In Green Lane there was another case,
the house had the same accommodation, and
there were father, mother, and four children,
one of whom had scarlet fever.

The Chairman said: "I hope you have
finished the list of cases." The Medical Officer
said that it was a difficult
matter isolating the cases in such instances
as he had referred to, and it would be a
difficult thing preventing the disease spread-
ing.

In answer to a question, the Medical
Officer said that in every case the property
said had been transferred from the Wakefield
Rural Sanitary Authority.
The wooden huts, it appears, were erected
for the temporary accommodation of labour-
ers on the railway, and ought not to be
allowed to be occupied permanently.
Resolutions were passed ordering the
nuisances to be abated, and steps were taken
for closing the temporary wooden erections.
A nuisance, arising from manure standing
in trucks at Rothwell Haigh, was also dealt
with.

The Medical Officer asked whether the
occupier, or the Board was responsible for
the emptying of the "Bowling Green" cess-
pool; it was five or six years since the cess-
pool was constructed, and it had not been
emptied yet.

A conversation followed on the liability
of the owner, or occupier, to see to this work
being done, and ultimately, a resolution was
passed that the Clerk serve notice upon the
proper party to execute the work.

Mr. Walter Hargreaves, in answer to a
question stated that the Committee would be
responsible for the Local Government Inquiry for
the Lothhouse drainage in about two months.
On the motion of Mr. J. Hargreaves, Dr.
Stevenson was appointed Medical Officer to
the Board, for a term of five years, at a
salary of £200 per annum.

WATER SUPPLY.—Mr. Newsome said he
was anxious to see to it that this work
was done, and ultimately, a resolution was
passed that the Clerk serve notice upon the
proper party to execute the work.

Mr. Walter Hargreaves, in answer to a
question stated that the Committee would be
responsible for the Local Government Inquiry for
the Lothhouse drainage in about two months.
On the motion of Mr. J. Hargreaves, Dr.
Stevenson was appointed Medical Officer to
the Board, for a term of five years, at a
salary of £200 per annum.

WATER SUPPLY.—Mr. Newsome said he
was anxious to see to it that this work
was done, and ultimately, a resolution was
passed that the Clerk serve notice upon the
proper party to execute the work.

Mr. J. Arncliffe asked whether the
occupier, or the Board was responsible for
the emptying of the "Bowling Green" cess-
pool; it was five or six years since the cess-
pool was constructed, and it had not been
emptied yet.

Mr. Turner said: "I do protest against the
manner in which the Rothwell Green water
supply has been delayed."
Mr. Leak said that if Lothhouse and
Carlton water supply was to be considered,
Rothwell Green should also be taken up.
Mr. Newsome said the Committee had
had it under consideration, and would bring it
forward along with the general scheme.
WIDEFIELD FIELD DRAINAGE.—Mr. Newsome
said that the drainage of the Widefield Field
houses, and proposed that the necessary steps
be taken in order to bring this drainage
across private land, into the drain in Carlton
lane.
The resolution was seconded by Mr. J.
Arncliffe, and carried.

ESTIMATE OF EXPENDITURE.—**AN IN-
CREASED RATE.**—Mr. J. Oliver submitted
the following estimated expenditure for the
year:—

| | |
|--------------------------|----------|
| Salaries of officers .. | £ 400 0 |
| Street Lighting .. | 310 0 |
| Miscellaneous .. | 300 0 |
| Treatment of sewage .. | 800 0 |
| Repayment of Loans .. | 750 0 |
| Highway Repairs .. | 1814 0 |
| Legal Charges .. | 50 0 |
| Election .. | 50 0 |
| Establishment Charges .. | 60 0 |
| Miscellaneous .. | 20 0 |
| Lothhouse Water Loan .. | 190 0 |
| | 4115 5 3 |

Half of this amount would be £2057 12s.
6d. A penny in the £ for Lothhouse district
would raise £80, and in Rothwell £50. A
rate of 1s. 2d. in the £ would bring in
£2100, and there were several items of
income, such as the loan of road roller &c.
Besides, there was a balance in the bank on
March 31st, 1892, of £250 10s. 6d., and a
balance of £200 from the Lothhouse water
loan. Against these miscellaneous items of
income, there was a deficiency of £220 for
Thorpe, and there was a bill that had not
yet been before the Finance Committee, for
the promotion of the Amalgamation scheme,
which somewhat would be paid. He did not
know how much the bill was, but he
expected it would be rather heavy. The
amalgamation scheme, he understood, were going
to forego any lighting scheme for the coming
season, on account of the expenses of the
amalgamation. A 1s. 2d. rate, he thought,
would cover all expenses, and leave a fair
balance at the bank at the year end.

Mr. James Hargreaves expressed his
satisfaction that the rate was not larger.
He would remind them that although the
rateable value of the Rothwell part of the
district was increased, there were several
appeals against the assessments, and they
should not depend on a larger assessable
value this time.

Mr. Sykes remarked that there should be
provision made for more lamps in Rothwell.
Mr. Middleton asked if nothing was going
to be done towards lighting Lothhouse and
Carlton.

Mr. Newsome responded that he greatly
regretted that the Committee had not felt
able to light the new district this year, on
account of extra expenses just referred to.
Mr. Thomas Oliver wished it to be under-
stood by the Rothwell ratepayers, that the
increased rate was not caused by the addition
of Lothhouse and Carlton; it arose from the
fact that last year the Board commenced
with £762 in the bank, whereas this year,
the balance was only £267, or £200 less,
equal to 2d. in the £. He had taken upon
himself to waive the lighting of Lothhouse
and Carlton streets this year, so as to meet
the expenses of the Amalgamation scheme.

Mr. Thomas Hargreaves complimented the
Committee on their estimate, and was
pleased to find the rate would not exceed
1d. in the £.
The Board having approved of the estimate,
Mr. Oliver gave notice that at next
meeting he would propose that a 1s. 2d. rate
for the whole district, be laid for the half-
year.

**MORE TENDERS FOR GILLET BRIDGE
LAMP.**—The following fresh tenders for the
above lamp were read out:—Mr. T. Emmer-
son, Leeds, £31; Mr. W. Chapman, Roth-
well, £30; Mr. J. Hargreaves, Leeds, £32.
Mr. Newsome proposed and Mr. J. Har-
greaves seconded, that the tenders be laid on
the table, and that the Board pass on to the
next business.

Mr. Leak proposed, and Mr. Middleton
seconded, that the Board advertise the land
for sale at 1s. 6d. per yard.
On the motion being put to the meeting,
there were six in favour of each, and the
Chairman declining to give his vote, the next
business was taken.

NEW BOARD OFFICERS.—Mr. Jas. Har-
greaves said the amended plans had just
come in, and the Committee had not yet
examined them.

EXAMINATION OF PLANS.—Mr. Turner moved
that a suitable person be appointed to
examine all plans submitted to the Board,
£10 being mentioned as the salary. Mr.
Jas. Arncliffe seconded the resolution. Both
gentlemen spoke strongly in favour, while
several members connected with the
Building Committee were equally warm in
opposing the resolution, which was eventually
lost.

The latter part of the meeting was spent
in discussing the Board did not break up
till considerably after nine o'clock.

THE WORLD'S FAIR.
The greatest fair ever held, was opened in
Chicago, on Monday, by President Cleveland,
attended by all the pomp and patronage of
every civilized country in the world.
Hundreds of thousands of people were
present, and everything passed off success-
fully. A detailed description is given in
another column.

THE HUNSLLET RAILWAY.
An enthusiastic meeting of Hunsllet people
was held on Monday, in the Mechanics'
Institution, when a resolution was passed,
warmly supporting the promoters of the
above undertaking.

AN INTERESTING RELIC.
Nearly a hundred years ago, before gas or
steam were known, and when the good folk
who lived in our houses and passed our streets,
passed away their lives in the most primi-
tive manner, round the roaring fire, telling stories of
imaginary, of love and war, of adventure and
peril, an incident occurred at Oulton, which
survived in its way, many of the tales
woven by the most vivid imaginations of the
day. Like the generations before them and the
generations since, two young people
living at Oulton, became attached to each
other about the year 1775 or '76, and the
courtship progressed so satisfactorily that
the wedding day was fixed, and the bride had
purchased her wedding dress, and part of the
furniture. She, however, for the peridy of the
human heart, the man to whom Mar-
tha Cooker (for that was the girl's name) was
engaged, (so dearly devoted he, and although
his marriage took place on the day fixed, he
meanly and dishonourably deserted his true
love, and led another young woman to the
Hymeneal altar. The girl, who was
hearted, and overwhelmed with grief, died
soon after, and a tombstone was placed over
her remains in Rothwell Churchyard, bearing
the following touching inscription:—
"Here lies the body of Martha Cooker,
of Oulton,
Who departed this life the 30th day of Sept. 1797,
Aged 19 years."

Forwile, rain world; false man, adieu;
See what I have got for my true love.
A broken heart, a bed of pain,
Where I must lie till judgment day.

By the exertions of Mr. John Lombard
and Mr. Stainer, of this town, the interest-
ing memorial (which had become almost
buried in the soil) has been unearthed, and
may now be seen at the eastern part of the
churchyard, near the tombs of the Ramakills,
of Lothhouse. Mr. Lombard, to whom we
are indebted for the information, says his
mother well remembered the young woman,
who was of attractive appearance, his father's
house being next door to Cooker's. He also
recalls some years afterwards, having the
deceitful pointed out to him in the street.
It may further be remarked as an interest-
ing fact, that a portion of the furniture, which
was purchased by the poor girl for her new
home, is still in existence at Mrs. Metcalf's,
Oulton, and formed part of the wedding
gift of a former Mrs. Metcalf.

**CHURCH SUNDAY SCHOOL TEACH-
ERS' ASSOCIATION.**
On Saturday last, the half-yearly meeting
of the members of the Rothwell and District
Sunday School Teachers' Association was
held at Woodlesford. After an excellent tea
at which more than 100 persons were present,
the meeting of the committee was held, the Rev.
J. Irvin in the chair, at which it was decided
to hold the next meeting of the Association
at Woodlesford on September 20th. The
members assembled at the Church, where
after a short service, which was rendered the
more heartily by the choir, a most earnest
and helpful address was given by the Rev. J.
N. Bromhead, vicar of Dringhouses, near
York. In the course of his remarks, which
had reference to the special work in which
the members of the Association were en-
gaged, as well as practical godliness in our
Sunday Schools, and the duty of making it
quite easy for the children to know what
things they ought to cherish, and what were
agreeable to their Christian profession. He
concluded a most valuable sermon by point-
ing out the necessity of the use of the means
of grace for teachers and scholars alike, and
he added a word of warm encouragement to
those who were engaged in so high and
noble a work.

Most of the clergy of the district were
present, viz:—Rev. J. B. Palmer, Rothwell;
Rev. A. J. Irvin, Woodlesford; Rev. G. H.
Scott, Lothhouse; Revs. A. Hoste and Z.
Williamson, Kippax; Rev. A. G. Rawstone,
Oulton; Hon. and Rev. H. Lynght, Middle-
ton; Rev. Baxter Hall, Methley; and Rev.
G. H. Clark, Stourton. Teachers were
present from all the Sunday Schools thus
represented.

MINERS' RIGHT HOURS BILL.
There is great joy amongst all interested
in the coal trade, in connection with the pro-
posed result of Wednesday's debate in the House.
Mr. S. Woods proposed the resolution that
the above Bill be read a second time, speak-
ing for five-sixths of the miners in Great
Britain. An amendment was moved by Mr.
Thomas, and seconded by Mr. Joyce, who,
while agreeing that eight hours in a coal
mine is plenty for any man, held that the
limit should be optional in the various
districts.

Mr. Gladstone spoke in favour of the bill,
although he warned the House that sundry
provisions should be added for the benefit of
those counties which are not favorable to
legislative restriction.

There appeared some danger of Mr. J.
Wilson (Durham) talking the bill out of time,
and at 6-28, Mr. Tuckard, the member for
this division, rose and moved "that the
question be put."

Mr. Wilson declared he had no intention
to talk the bill out.
On being put there voted—
For the second reading ... 270
Against ... 201

Majority in favour ... 78
Lord cheers greeted the announcement.

THE LOCAL VETO BILL.
MASS MEETING AT ROTHWELL.

On Wednesday night, in fine weather, a very successful meeting was held at the Cross, in support of the Liquor Traffic (Local Control) Bill.

Mr. J. Sidebottom, president of the Rothwell Temperance Society, conducted the proceedings, and in opening the meeting, addressed a few words of advice and warning to the working men of the town.

Mr. J. Smith was next called upon, and proposed a resolution addressed to the House of Commons of Great Britain and Ireland, in Parliament assembled, that the resolution was as follows:—"That your petitioners, recognizing that the greater part of the misery, pauperism, and crime of this country, is inevitably consequent on the public house system, have heard with satisfaction of the introduction into the House of Commons, by Her Majesty's Government, of

the Liquor Traffic (Local Control) Bill, giving the inhabitants of districts power to veto the issue of licenses to the majority of licensed houses, and your petitioners pray your Honourable House to pass the above-mentioned Bill, through all its stages, with all possible speed."

The Rev. W. Stewart, Wesleyan minister, in seconding the resolution, said that he was not there as a party politician. He believed, and the leaders of the Church believed that this question was lifted into a higher region than mere party politics, and commended itself as a great moral question. When such questions came before the country they ought to give them a fair consideration; it was not so much a question of party as principle in the House of Commons, and if this question had been introduced by a Tory Government he would have been as glad to support it. In gathering round the Cross that night, they were endeavouring to direct public opinion with regard to this great and important question, and when public opinion had once been established in favour of this Local Control measure, nothing would be able to stand against the passing of the Bill. In gathering round the Cross that night, they were endeavouring to direct public opinion with regard to this great and important question, and when public opinion had once been established in favour of this Local Control measure, nothing would be able to stand against the passing of the Bill. In gathering round the Cross that night, they were endeavouring to direct public opinion with regard to this great and important question, and when public opinion had once been established in favour of this Local Control measure, nothing would be able to stand against the passing of the Bill.

ROTHWELL LOCAL BOARD
MEETING.

HOSPITAL ACCOMMODATION.
APPOINTMENT OF NUISANCE
INSPECTOR.

The fortnightly meeting of the above
Board was held on Wednesday night, present:
Messrs. W. Hargreaves (chairman),
Oliver, H. Armitage, Walter Hargreaves, J.
Turner, H. P. Newcome, J. R. Leak, Thos.
Oliver, F. R. Middleton, G. Armitage, J.
Hargreaves, W. Sykes, G. Lockwood, J.
Stead, and the clerk (Mr. Wimbush),
medical officer (Dr. Stevenson), collector
(Mr. Marshall), and surveyor (Mr. Green-
wood).
Minutes.—The minutes of the previous
meeting were read and confirmed.

At a meeting of the Building Committee,
a resolution was passed to ask Mr. Binn to
confer with certain specific amendments to
his plans.

The Waterworks Committee had appointed
a Committee to meet the Morley and Batley
Corporation with a view to negotiating
terms for a supply of water to the Board's
district.

Mr. Walter Hargreaves, as chairman
of the Sanitary and Sewage Committee, re-
ported an interview with the members of the
Hunslet Rural Sanitary Authority, when the
meeting was of a very amicable character,
and in discussing the arrangements for the
treatment of additional sewage from the
Lothhouse and Carlton districts, it was sug-
gested that ROTHWELL should pay a proportion
of the costs according to the population.
Nothing further than discussing the question
took place, but in the mean-while the
Authority had decided to improve the
system of treating the sewage.

With regard to the case of small pox now
in the Hospital from the Authority's district,
Mr. Newcome said that he, along with
the Clerk, had called upon Mr. Schofield,
and asked him upon that authority they had
sent the cases of small pox to the ROTHWELL
Hospital. Mr. Schofield said they had a
right to send the cases, as they were joint
tenants of the Hospital. They, however,
pointed out that the agreement was only for
three years; that time had now expired, and
no further action had been come to.
Mr. Schofield said that correspondence had
taken place renewing the agreement. He
did not produce the letter, however.

Mr. Lockwood.—"Because he never got
one."
The Clerk, on referring to the minute
book, said that on the 5th April, 1892, a
resolution was passed, that the agreement
should be renewed for a further term of
three years, but shortly after there was an
inquiry held at Lothhouse, and the Local
Government Inspector protested very strongly
against this agreement being renewed, and
he also condemned the Hospital in un-
measured terms. In consequence of this
Mr. James Hargreaves, at a subsequent
meeting of the Board, proposed that the
resolution to renew the agreement be re-
voked, and the resolution was carried. He,
the Clerk, had seen Mr. Hargreaves, and
he informed him that the decision had been
taken with regard to the renewal of the
agreement.

Mr. J. Oliver: "Had the late Clerk
written to the Authority on the resolution
passed on the 5th of April?"
Mr. Walter Hargreaves suggested that Mr.
Schofield be asked to produce his authority
for sending the cases to the Hospital. They
were now having to make provision for small
pox cases themselves, and it was a question
whether the Board should not charge the
Authority with the extra expense they were
likely to be put to, as the hospital was now
full of patients from the Authority's district.
The Clerk said that when they met Mr.
Schofield upon the subject, he contended
that it was a continuing agreement, and on
his (the Clerk's) protestation, Mr. Schofield
said that if the Board intended to stop them,
he would contract the question.

The Chairman: "Shall we take the matter
in Committee afterwards?"
Mr. Walter Hargreaves: "I don't see
that anything further could be done by
referring it to Committee. It had been
stated in the Board's district there is a
probable case of small pox, and the Com-
mittee have decided that in making tempo-
rary provision, two half-pence be purchased
at a cost of about 476, to be erected either
on the land purchased for the new hospital,
or on City Road."

Mr. Newcome: "The Committee wish the
Board to give them power, in case of an
outbreak, to go to the expense of £100 in
the erection of some tents."

Mr. T. Oliver: "How long would it take
to get them erected?"
The Medical Officer: "Eight or ten days."
Mr. G. Armitage: "In the opinion of the
Clerk, the Hunslet Authority have no right
to send the cases to the Hospital. The
question should be thrashed out at the

present time, and if they have no right, let
us have our own hospital for our own use.
Mr. Schofield threatens to fight, he threatens
to do a lot, and I shall be inclined to fight
under the circumstances."
In answer to a question by Mr. Turner,
the Clerk said that the agreement expired on
the 18th February, 1891. In January of the
present year, a case was sent from the
Hunslet Authority and no protest was made.
Mr. J. Armitage asked the Clerk to get
out the amount of money paid by the Autho-
rity for cases treated in the Hospital.
A resolution was eventually passed that
the Board would hold the Hunslet Authority
responsible for any damages sustained by
their cases of small pox being sent to the
Hospital, that notice be given the Authority
that no further cases were to be sent, and
that the Authority be informed that the
Board undertakes to separately occupy the
Hospital.

In making some temporary provisions, Mr.
Newcome proposed that the Sanitary and
Sewage Committee be empowered to spend
£100 in providing suitable tents &c.
Mr. Turner said he understood that there
had been an outbreak of small pox at Stanley,
and he proposed as an amendment, that the
Board purchase these tents at once, ready for
use.

On the resolutions being put to the
meeting, the amendment of Mr. Turner's was
carried, to purchase the tents at once, six
members voting for the amendment, and
three for the resolution.

Mr. R. Hargreaves asked if the Chairman
of the Finance Committee, could carry out
the extra expense just passed, on a rate of 1s.
3d. If not, then a rate of 1s. 3d. ought to be
paid.

Mr. J. Oliver thought he could meet the
expenditure with the balance there was at
the bank. If necessary, the next rate could
be increased.

Mr. Lockwood asked for the information
of the ratepayers, why the rate had been
increased from 1s. to 1s. 3d., but was informed
that the question had been discussed at the
previous meeting.

Mr. T. Hargreaves thought that a rate of
1s. 3d. would be insufficient, and proposed
that it be laid at 1s. 6d.

The Clerk, however, intimated that the
Board had no power to lay a rate at 1s. 6d.
at that meeting. Notice must be given.

The resolution for a rate at 1s. 2d. was
then carried.

APPOINTMENT OF NUISANCE INSPECTOR.
It appears that in answer to advertisements
for a nuisance inspector, there were 35
applicants, and the Committee had reduced
them down to seven, and asked them to be
present in order to come before the whole
Board. Each candidate came separately
before the Board, after which the seven
names were voted upon, with the following
result:
Mr. J. Henshall, Horsforth ... 11
" J. Stead, ROTHWELL ... 7
" R. Debon, do ... 2
" J. Gibson, do ... 1
" G. Bramley, do ... 1
" Pears, do ... 1
The names of the three candidates who
had received the highest number of votes
were then submitted to the meeting, and
voted upon, with the following result:
Mr. J. Henshall ... 11
" J. Stead ... 5
The voting was then between Mr. Hen-
shall and Mr. Jones, the former receiving 35
and the latter 10 votes. Mr. Jones was
therefore declared Inspector, and on being
asked to take the oath, he was sworn in.
Mr. Schofield said that the Board for the
appointment.

Mr. Henshall was thanked 10s. for expenses
in attending the meeting.

HEALTH REPORT.—The Medical Officer
reported that during the past four weeks,
there had been in the Board's old district,
15 births (9 males and 6 females); and 10
deaths (3 males and 7 females). He re-
gretted having to report that there had been
three fresh cases of scarlet fever in the Loth-
house and Carlton district, just as he had
expected. There was also a nuisance to
report at Carlton, near Mr. Crook's property,
near the Union Hotel, the nuisance was
caused by boiling tripe, and the By-
Laws of the Board were being contravened.

Notice to abate the nuisance in three days
was ordered to be served.

A conversation took place with regard to
the case of overcrowding, reported at the last
meeting, from which it appeared that in some
instances nothing has been done to abate the
nuisance, and urgent measures were decided on.

CLAIM FOR CONTRIBUTION.—A letter was
read from the Clerk to the Wakefield Rural
Sanitary Authority, requiring compensation
to the extent of £279 for the loss of Loth-
house-with-Cartton township, as a contribu-
tory part of the district in erecting the Carr
Gate Infectious Diseases Hospital. The
question was referred to the Sanitary and
Finance Committees.

The Board then went into Committee on
the Waterworks and other questions.

FIRE IN THE ISLE OF MAN.
Many of our readers, who have visited the
Isle of Man, will well remember the Bishop's
Palace, which they would pass on their drive
to Ramsey. We regret to learn that a large
portion of this, the official residence of the
Bishop of Manchester, formerly Vicar
of Wakefield, was destroyed by fire on
Tuesday morning. The fire was discovered
by some of the servants about five o'clock,
and they took prompt measures for arresting
its progress. As Bishop's Court is, however,
situated some distance from Ramsey, it was two
hours before the fire brigade arrived, and by 5 o'clock
the fire was out. Many valuable documents
and pictures are destroyed, but the building
and furniture are insured.

ROTHWELL AND DISTRICT
PAXTON SOCIETY.
On Saturday week, the members of the
Paxton Society met in the Mechanics
Institute, to hear a paper by Mr. Wardman,
of Wakefield. The chair was occupied by
the Rev. J. B. Palmer, president. After the
preliminary business was over, the Chairman
called upon the essayist to give his paper on
"Hardy Annuals, and how to grow them."
The essay throughout was very interesting,
especially to amateur gardeners, and at the
close, a number of questions were put by
Messrs. T. Maddocks, W. W. Savage, T.
Fielding, P. Wainwright, J. Ellis, and the
Chairman, and satisfactorily answered, after
which Mr. J. Clarkson proposed that the
best thanks of the meeting be tendered to
the essayist. This was seconded by Mr. G.
Wilson, and supported by Mr. J. Southwell
and the Chairman, and carried unanimously.
Mr. Wardman briefly replied. Mr. Saml.
Ward was elected a member of the Society.
The next paper will be given on the 27th
inst. on "The poetry of Flowers." After the
meeting the question of an excursion is to
be brought forward.

RE-OPENING OF CARLTON
PRIMITIVE CHAPEL.
For some time past, the Carlton Primitive
have had under their contemplation the
painting and decorating of their place of
worship, and have banked a sufficient sum
of money to guarantee their scheme being
carried out. They advertised a few months
ago for tenders, with the result that
Mr. North, of Leeds, was instructed to
carry out their wishes. The Chapel has
been closed for some time, and a meeting
the contractor has done himself credit,
by painting and decorating the whole of the
premises most satisfactorily. The re-opening
services took place last Sunday, when Mr.
J. Batty, of ROTHWELL, preached to good
congregation, afternoon and evening. On Mon-
day, a public tea was provided to follow
the evening by a meeting, over which Mr.
Ineson, of ROTHWELL, presided. Addresses
were delivered by the Rev. R. B. Wheeler
(circuit minister), Mr. T. Dickinson,
of Hunslet, Mr. W. Crook, of ROTHWELL, and
Mr. H. Ward, of Carlton. The meeting
was of a very successful character, and the
opening services have left a balance in the
hands of the officials of nearly £14.

PERFUMATION.
On Monday afternoon, a tea was held in the Wes-
leyan School-rooms, ROTHWELL, to which about 70
ladies, and other ladies, were invited. A meeting
was held for the purpose of making a presentation to
Mrs. Fittis. It appears that Miss Goodrich, with
her sister, had been asked to give a presentation
to Mrs. Fittis. It was thought that it would show in some measure
their appreciation of Mrs. Fittis's valuable services
both in connection with the school, and in the
place of worship generally, if they had
succeeded in getting a new chapel built, they were to
make her a present. Consequently a nice sum had
been given by the members of the committee.
Monday evening's meeting. After singing and prayer,
the Rev. G. R. Kennard, who had pleased to be
present on such an occasion, he blessed Mrs.
Fittis with a very good lady, and her work was
always to be praised. She was not only a sterling
Mother, but a devoted Christian. Her services
had been very valuable, having been suc-
ceeded with the same longer than any person
it was known to have been in the district.
God with such a staff, that they appreciated it. She
had done something ever better than give money;
she had given her time, and she had given it in a
good way, and she had given it in a good way.
The thing for God that Mrs. Fittis lived at
this time of her life, was one that it was a
great blessing to all who had helped to make her a little
better, which although not so much as the desired,
yet showed that her services were appreciated. He
believed that God would say to her, "Well done."
Mrs. Fittis was a very good lady, and her work was
always to be praised. She was not only a sterling
Mother, but a devoted Christian. Her services
had been very valuable, having been suc-
ceeded with the same longer than any person
it was known to have been in the district.
God with such a staff, that they appreciated it. She
had done something ever better than give money;
she had given her time, and she had given it in a
good way, and she had given it in a good way.

LEEDS AMATEUR OPERATIC AND
DRAMATIC SOCIETY.
The concluding meeting of the society for the
season 1892-3, took place on Saturday at the Trinity
School-rooms, Mr. R. P. Ogilby occupying the chair.
The Secretary, Mr. W. H. Hilditch, read the
report of the society for the performance of "La
Fille du Marquis," and expressed the gratifica-
tion of the Committee at the excellent results,
both artistic and pecuniary. The meeting unanimously
approved the accounts, and decided to give a sum of
£100 to the Leeds Chariot, to be expended as
follows:—£50 to the General Infirmary, £10 to the
Dispensary, £10 to the Women and Children's
Hospital, £10 to the Children's Hospital, £10
to the Leeds Infirmary, £10 to the Leeds School,
and £10 to the Leeds Home for Blind Children.
The society also decided to give a sum of £100
to the Leeds Infirmary, to be expended as
follows:—£50 to the General Infirmary, £10 to the
Dispensary, £10 to the Women and Children's
Hospital, £10 to the Children's Hospital, £10
to the Leeds Infirmary, £10 to the Leeds School,
and £10 to the Leeds Home for Blind Children.

WHITEHIDE HOLIDAYS.
The committee in and about Methley have all agreed
to accept work on Friday, and not resume work till
the following Tuesday.
The Messrs. Briggs & Co., Whitehead Chemical
Works were closed on Wednesday, as the men's
entirely had been struck, and the works were
closed. This stoppage has its effect on the Whitehead
Cottages to a great extent.

THE READY MONEY STORES.

J. BOURCHIE WILKINSON, Clerk.

Rothwell Times.
Circulating in Rothwell, Woodlesford, Oulton, Carlton, Lofthouse, Middleton, Leeds, Hunbleton, Stourton and Methley.

Friday, May 26, 1893.
ROTHWELL SCHOOL BOARD.

The monthly meeting of the above Board took place on Friday last, present: Messrs. J. Butterick (chairman), J. R. Seaton, W. Wright, J. Stead, W. Fakin, and R. Wade, with the Clerk and Attendance Officer.

The minutes of the previous meeting, and of the Committee meetings having been read, were confirmed.

MISS SANDERSON'S ADVANCE.—As indicated last month, Mr. Seaton moved that in response to Miss Sanderson's application, her salary be advanced from £85 to £100 a year; as one reason for this proposal he remarked that this teacher is now entrusted with the needlework, which entails a larger expenditure of time and responsibility, besides which she has the character of being a good, useful teacher.

Mr. Fakin expressed his pleasure in seconding the proposal.

A conversation followed, in which it was pointed out that the Management Committee understood that on reducing the number and cost of the staff at the beginning of the year, there would not be any necessity for any alteration, at least until July.

In reply to Mr. Wright, the Clerk stated that the staff at present cost £17 10s. less than it did six months ago.

The resolution was then put and carried, the advance to commence from July 1st.

CHILDREN'S RECREATION GROUNDS.—Mr. Wade, having given notice of his intention to do so, now moved that the Board respectfully petition the Local Board to consider the question of providing a playground for the children of Rothwell. He referred to the fact that there was no place but the streets in which the children could play out of school hours, and he was sure every member of the Board felt the advantage to be gained, if some provision could be made for them in the fields. He believed the feeling of the majority of working men was strongly in favour of a public recreation ground. The question had been mentioned at their Local Board elections, but no attempt had yet been made towards providing a place. He thought that as an authority closely connected with the welfare of the children, they would be doing the right thing in forwarding this memorial to the Local Board.

Mr. Fakin said he would support the resolution, if Mr. Wade would include Stourton in the application.

Mr. Stead in seconding the motion, mentioned the well-meant effort made by a certain Society to supply a recreation ground for Rothwell, about a year ago, and the little support accorded to them. He considered the Local Board was the proper authority to take up the matter, and trusted they would do so.

Mr. Wright thought the Local Board's hands were full enough just now, while the burden on ratepayers was becoming heavier, and likely to increase, without adding this additional expense. The places had been opened as recreation grounds in various parts of the country, and had gradually become simple open spaces. The question was certainly inappropriate, under present circumstances.

The Chairman remarked that the Local Board was the only public body able to take up the subject, and he thought it was the right thing for the School Board to present this memorial, so that the matter may be discussed, and some decision arrived at.

Mr. Seaton was of opinion that the best thing was for an earnest attempt to be made by the Board to liberate them from their present control, and made free for the people of Rothwell, and be maintained by private contributions. There were many pieces of land rightly belonging to the public, but which were not in their hands, and some effort should be made to secure them for the public benefit.

On being put, Messrs. Wade, Stead, and the Chairman voted in favour; Messrs. Wright, Seaton and Fakin against. The Chairman gave the vote in favour.

THEOBALD EDUCATION.—The report suggested that the attention of their head teachers should be drawn to the Scholarships now offered by the County Council for competition by children attending Elementary Schools, various branches of study.

While gratified that a few of the children had entered this year, he felt that much larger advantage should be taken of the privileges placed before them by the County Council. He believed that the results of the recent examinations in connection with the evening classes reflected very satisfactorily on those who attended the classes; he wished, however, to urge all teachers to encourage their scholars to go in for these Scholarships, and thus enable them to prosecute their studies at higher schools.

DISSENT.—A circular was read from the Education Department asking for such authority as would enable the Department to pay over the quarterly Fee grants to the London agent of the Board's bankers, and thus prevent unnecessary delay and inconvenience. The required authority was ordered to be signed.

Another circular was read, requesting information as to the employments to which children go on leaving school. A copy of the form referred to, is enclosed for each head teacher, and the return is to be made for the year ending June 1st, 1894.

A circular was also read from the Science and Art Department, notifying sundry matters which have been made in the drawing syllabus.

FINANCE.—On the motion of Mr. Wright, seconded by Mr. Wade, the following cheques were signed:—

| | | |
|-------------------------|-----|------|
| Rothwell High Schools | £ 4 | s. 0 |
| Rothwell Schools | 28 | 6 |
| Public Works Loan Board | 34 | 4 |
| Public Works Loan Board | 11 | 6 |
| C. Ince | 1 | 7 |
| Gas Light Company | 15 | 1 |

Several bad attendances, and in the case of one person, instructions were given to summon, if not improved, while others were strongly warned.

HUNBLETON BOARD OF GUARDIANS.
The fortnightly meeting of the above Board was held on Wednesday, present:—

H. Bernal (chairman), W. R. Ingalls (vice-chairman), J. Gravely, G. Groves, R. J. Smith, J. Parker, G. W. Flockton, J. Barnby, and the clerk (Mr. Schofield).

ORDER FOR A SPECIAL ELECTION.—The Local Government Board had issued an Order for a special election in the North Ward, in consequence of the retirement of Mr. Chapman. The voting papers are to be delivered on the 14th inst, and the counting up to take place on the 18th inst.

The Local Government Board also made a general order in the case of the meetings of the Guardians held on Good Friday, Christmas Day, Thanksgiving days, or general holidays, the meeting shall be altered to another date.

THE PARISH COUNCIL BILL.—A letter was read from the Kensington Union, asking the Board to adopt a petition to Parliament, protesting against certain clauses of the above Bill, which has a tendency to subordinate Boards of Guardians to more recently-created bodies, and to secondary importance.

The petition goes on to say that the Guardians should be resident in the Union area, which they seek to represent, and also point out several other clauses that might with advantage be amended.

The members agreed with the petition in part, but could not see their way clear to support it throughout, and consequently decided that it should lie on the table.

THE COUNTY RATE.—The County Rate Committee have issued the proposed rates for the new County Rate in which the Clerk stated there was not very much to object to. The rateable value as returned by the Union for Middleton was £119,927, and the County Council had reduced it to £109,928. Oulton and Woodlesford was returned at £16,834, and has been raised to £10,887. The Rothwell rateable value is £289,498, County basis £89,943. Templenewham, £19,708, County basis £18,114.

County basis £289, proposed basis for this year £472.

MISCELLANEOUS.—It has been arranged that Dr. Duck acts as deputy medical officer for both Drs. James and Stevenson.

At the agreement with Leeds for the maintenance of certain special cases had just expired, it was resolved that a communication be sent to the Leeds clerk, with a view of renewing the agreement.

ROTHWELL WESLEYAN BAND OF HOPE FESTIVAL.

Last Sunday, in the Rothwell Wesleyan Chapel, special services were preached by the Rev. A. Bridge, of Wakefield, on behalf of the above Band of Hope.

A thoroughly practical sermon was preached in the morning, and in the afternoon an address was delivered to the children by Mr. Briggs, on "Where there's drink, there's danger."

The evening's text was taken from the twentieth chapter of Proverbs: "Wine is a mocker." The writer of Proverbs, the preacher said, seemed to hesitate in denouncing strong drink, as it was possible to read through the whole of the chapter, and find one man with any definite warning against the use of strong drink. The book was practically practical throughout, full of beacon lights and danger signals, and the explanation of the moral of the chapter, he thought, was caused, in part, by the fact that excessive drinking was not confined to the Eastern lands, as it is in this land to-day. When the blast was blown, however, there was no uncertain sound, "Wine is a mocker," a deceiver, a biter, a serpent; a stinger, as an adder; a brain moulder, although some gave it the name of a good creature from God. In dealing with his subject, he did not intend going into the chemical constituents of the Biblical wine, but rather intended to deal with the dire effects of the modern sparkling sherry, the fiery brandy, and the exciting Irish whiskey. Wine is a mocker, the preacher said, and it is a mocker to the desire, and aggravates the craving, keeping before the mind of the satisfaction, but at the same time taking good care that the goal is never reached. It has never done so with its promises. "If you have got no appetite for wine, thank God," he said, "if you have had alcohol, the appetite for wine, as it moves itself in the cap, take Solomon's advice, and remember that you have got an embryo giant in your nature, and if you feed him and indulge the appetite for wine, he will develop into a giant of power, and claim the throne of your mind."

This wine promises strength, but it only gives stimulant; it promises heat but it tends to chill; it promises exhilaration, but it sends its votaries to the madhouse and the suicide's grave. Wine is also a mocker of the human intellect, being an addictive life. WESLEYAN FANCY DRESS BAZAAR

The scheme for the enlargement of the

Rothwell Wesleyan Sunday School has already

been before the public for some time, and

in order to raise funds towards the

expansion of the school, the Local Board of

the school, the Local Board of the Sunday

School has long been preparing for a large

Bazaar, which was opened in the Mechanics' Hall,

on Wednesday last.

The present school was built in 1872, and for

some time past, the accommodation has been

inadequate. The number of scholars is

yearly increasing, and it is becoming more

and more difficult to conduct the school

THE READY MONEY STORES.

HUNSLY UNION.
RURAL SANITARY AUTHORITY.
THE Guardians acting as the Rural Sanitary
Authority, of the Hunslay Union, are prepared to
receive Tenders from parties willing to contract for
the emptying and cleansing of all ash pits, middens,
privies, cesspools, and other places of a like nature
in that part of the Township of Templewood, which
is outside the City of Leeds, and in the Township of
Thorpe St. Peter and Middleton, and removing and
disposing of the contents, for one year, from the 1st
day of August next.

Specification of the Conditions and Regulations
under which the work is to be done may be seen,
and copies obtained, at the Union Office, Clamhouse
Street, Harrogate.

Tenders to be sent to me, the undersigned, not
later than Monday, the 10th day of July, 1893.
Union Office, Clamhouse Street, Harrogate.

By order, J. BOURNE WILKINS, Clerk.

THE ROTHWELL LOCAL BOARD is prepared to
receive tenders for the work of the following
parishes of the Board's District separately, viz.—
Rothwell, Stourton, Lothhouse, Carlton, Thorpe,
and Leeds.

The Agreement to expire on the 25th day of
March, 1894.

The Board does not bind itself to accept the
lowest or any tender.

For particulars apply to the surveyor, Mr. F.
Greenwood.

By order, J. BOURNE WILKINS, Clerk.

Rothwell Times,
Circulating in Rothwell, Woodlesford,
Oulton, Carlton, Lothhouse, Middleton,
Leeds, Harrogate, Stourton and Methley.

Friday, July 7, 1893.

AMID many congratulations and much
enthusiasm on the part of all sections of the
public, the popular sailor son of the Prince
of Wales, and the equally popular daughter
of the Princess Mary of Teck, have been
made man and wife. We may fittingly add
and re-echo the sentiment of one of the
various wedding ode writers: "Eastward
ward—wide as the ocean rolls, Under
the sunset and over the sunrise, Britainward,
homeward, a wave of devotion rolls; heaven-
ward prayers for the love-life begun here;
Welcome and well-wishing, service of loyalty
Lifted not only in speech, but in spirit;
King to be, Queen to be, heirs to the crown
They inherit; King to be, Queen to be,
George and Victoria." In the humblest as
in the highest circles, there is no event, that
is common to the lives of most of us, of such
all-absorbing interest as a wedding. In this
country, it is true, there is commonly a
certain shamefacedness—particularly on the
part of the male participant—in figuring in
character of principal at a wedding. But
that comes of being a man, and a man
little given to posing, and aware, rather than
otherwise, to encountering the public gaze at
critical moments of our lives. Few things,
indeed, mark the racial difference between
the well-bred Englishman and the French-
man of similar rank, so sharply as the tenor
of each at a wedding, particularly his own.
The customary self-possession of the Gallic
bridegroom, not to say his obvious enjoyment,
stands out in marked contrast to the equally
customary awkwardness of the Anglo-Saxon.
But the interest of the public is also the same,
and whether the wedding is celebrated at
St. George's, Hanover-square, or in some
poor church or chapel in a dingy provincial
street, the air it creates in the vicinity and
among the passers-by is relatively the same.

When a wedding of the kind celebrated at
the Chapel Royal, St. James's, this week,
it attains the magnitude of a national—
event, of an international—event. For
weeks past it has been the staple topic of
conversation in Mayfair and Belgrave, and in
suburban and provincial drawing-rooms, as it
has been in parlours and workrooms of less
select quarters. The doings of the bride and
bridegroom elect, the wedding presents, and
the many circumstances attending the joining
of these two young lives have been discussed
by all classes, and in the remotest corners of
the Empire. And, truly, it is able to excite
the interest of the public in all respects.

The marriage of a direct heir to the
throne cannot come very often in the
life of any people. Its celebration, there-
fore, is an event to be marked and
remembered, even though Parliament may
decline to pay it, and the work of the
wedding the observance of a general holiday.

But what, of all things, has made this
memorable wedding specially noteworthy,
even among marriages of members of our
Royal family, is its distinctly English
character. It is rare, in the history of Royal
and Imperial marriages, that they are free
to choose their life-partners from among
their own countrymen and countrywomen.

In the case of our own ruling house many
circumstances have combined in the past to
render it well-nigh impossible. One only
of her Majesty's children, the late Prince
Louis, has married a subject of the
Crown in the person of the Marquis of
Lorne, an example that has been happily
followed by the union of her Majesty's eldest
granddaughter, the Princess Louise of Wales,
to the Duke of Fife. But, for any obvious
reason, the marriage of a public interest
was not aroused by these marriages as
attached to that of the Duke of York and the
Princess May of Teck. Both have grown up
under the nation's eye, so to speak, and have
received the training and education of English
youth and English girls.

Young Englishmen, perhaps still as com-
posite an amalgam as he was when Dece
poured his scathing sarcasm upon him, but
no truer or better specimens of our race
could well be found than the young couple
who have become man and wife, and in a
human probability eventually King and
Queen of this realm. On the personal side
of the marriage there is not much need to
dwell. It is enough to know that the union
of hearts and of lives will complete the union
of hearts, and that, although it is in every
sense a marriage of policy—since it is one
that the nation is susceptible to home
foreign—it is also a marriage of pure affec-
tion. And if happiness is to be ensured by
the blessings of a whole people, there is as
rich a store of contentment awaiting the
bride as she has ever fallen to the lot of
mortal man and woman. But, alas! we
know that happiness is not purchased by
desires, or even by a nation's prayers; and
whether our lives be lived in cottage or in
palace, troubles will come to fret our souls
"with crosses and with cares." Against
these no good wishes can effectually prevail,
and contentment must be sought in the devo-
tion to duty which fills up the major part of
those whose lives are passed within the
splendour of the Throne. In this the mem-
bers of our present Royal family have never
yet been wanting, and we have the pleasing
consciousness that when, in the fulness of
time, the highest position in the land devolves
upon the young Prince and Princess who are
now man and wife, they will fall upon those
who will worthily support the high traditions
of the English Throne. All joy, then, to them.

THE ROYAL WEDDING
OF THE
DUKE OF YORK
AND THE
PRINCESS MAY OF TECK.

Favoured with brilliant "Queen's weather,"
and surrounded by the most pleasant sight-
entry of the British Court, the long-con-
templated marriage of the heir-presumptive
of the throne has taken place, and nothing
seemed wanting in surrounding circumstances
nor in the execution of the many delicate

arrangements, in order to crown the im-
portant event with entire success and eclat.

Although a time of sadness necessarily
entered into the earlier preparations for the
 betrothal of the Royal personages concerned,
owing to the sad death of the bride's first
bridegroom, the Duke of Clarence, this feeling
gradually passed away, and both in
Leeds and the provinces, but one sentiment
has prevailed as to the propriety of the
match.

The scene in London must have been
almost past description; the great city loves
a show, and here was such a show, as has
not been witnessed since the Prince of Wales
and his bride from across the sea.
The father and mother of the hero of the
present event. To understand anything of
the crush of this crowd, the beauty and the
variety of the decorations, the wild enthusiasm
of the people, the gorgeous processions of
high and noble grandees, the splendid lines of
precious stones, the brilliant flash of
the Queen and the Princess; for all these we
must refer to our daily contemporaries, while
the place of the chapel, in which the ceremony
took place, and many interesting items
relating to the marriage, will be found in
various pages of our present issue.

Briefly described, the route of the wedding
procession from Buckingham Palace, was
kept by 5000 police, while many thousands
of volunteers guarded the entrance and court
yards. About eleven o'clock, there arrived
a troop of the Horse Guards Military, fol-
lowed by other regiments of high military.

At twelve minutes to twelve, the first pro-
cession emerged from the palace, the carriages
containing the Princess of Wales, and the
other members of the Royal Family and
Royal guests.

Then came the bridegroom's procession,
with the Prince of Wales and the Duke of
Edinburgh.

This was followed by the bride, and her
bridesmaids, the carriage of the bride being
just about twelve o'clock the Queen's
procession emerged, Her Majesty being vocifer-
ously cheered, and appearing to be in
excellent health and spirits.

Inside the Chapel Royal was a scene of
marvellous brilliancy, all the great people of
the land, with the royalties and ambassadors
of other lands being present. At half-past
twelve everybody was ready, the Archbishop
of Canterbury being at his post with the
clergy and choir. Five minutes later, the
Queen was heralded in, followed very shortly
by the bridegroom, and in a moment after,
by the happy bride, with her ten young
bridesmaids.

The marriage service, in the form laid
down in the book of Common Prayer, was
then proceeded with, aided by full musical
accompaniment, and the service, the
bidding of articles, and the exchange of the
rings of waiting Londoners that the
nuptial knot was tied. Then followed the
return through the city, welcomed by ever-
renewed cheers, and waving of handkerchiefs,
arriving at Buckingham Palace shortly before
two o'clock.

The happy pair left for Sandringham,
at five o'clock, and met with the most loyal
reception all along the line, culminating
with the loud hurrahs of the crowds as-
sembled at Lynn and Wotton, the journey
being completed at half-past eight, when
they reached York, which for the present
will be their home.

LOCAL FESTIVITIES.

Although it was not until the last Local
Board meeting that initiative steps were
contemplated with regard to any local
celebrations in commemoration of the Royal
Marriage, the arrangements for a "kick up"
have been rapidly made, and were very
successfully consummated yesterday in brilli-
ant weather.

In consequence of the conversation that
took place at the last meeting of our local
parliament, the Chairman thereof, called a
public meeting in the Mechanics' Hall, last
Friday night, when it was eventually decided
to provide a free tea for the old people and
children living in the district, and a working
Committee was formed to carry this decision
into effect.

The various townships under the Rothwell
Board decided to separately carry out their
individual schemes, and some of the contribu-
tions to the fund were consequently divided
proportionately.

The Rothwell executive decided on pro-
viding in the Mechanics' Hall, a tea for the
old and poor people, and in the National
and Board Schools a treat of buns and tea
for the school children.

Early yesterday morning, a band of
decorators were engaged in festooning the
area of the National and Board Schools with
flowers, collected by the children, banners,
lampions and streamers being also used to
adorn the building, which lends itself well to
the decorator's art. In other parts of the
town the loyalty of the inhabitants was
expressed by the flying and fluttering of
the Union Jacks, and by other flags that
indicated more of the individual's fantastic
taste than his knowledge of the country's
ensigns. From the church tower the red,
white and blue flag was floating from early
morn, while at the Mechanics' Institute and
the Board Schools it was manifest that the
town intended keeping high festival.

Both the Rothwell Bands being engaged
outside the town, it was thought at first that
the festivities would suffer for the lack of
the ever-cheering and invigorating strains of
our local musicians, but during the morning
it was made known that what was termed
the "Royal Band" was to furnish the need-
ful musical element. This band consisted of
a number of veteran players who figured
prominently in our local bands several years
ago, and although the music was not up to
the standard of the regular players, the
"Royal Wedding Band" contributed much to
the success and enjoyment of the day's
proceedings.

The school children paraded the streets
during the afternoon, headed by the band of
the National and Board Schools, and accom-
panied by their parents, they were all dressed
in their gay attire, they merrily marched
in the long procession. Tea (provided for
by subscription) was served in the National
and Board Schools, and a band of red-
hairs soon satisfied the cravings of the

dear little ones with succulent long buns and
hot tea.

The widows and old people enjoyed a more
varied repast in the Mechanics' Institute, the
provision being supplied by Mrs. Lamb-
bert, whose catering of a most successful nature.

The trayholders were Mrs. Palmer, Mrs.
Sewar, Mrs. Stevenson, Mr. Hargreaves,
Mrs. E. P. Atkinson, Mrs. Woolley, Mrs.
Newsome, Mrs. Senior, Mrs. A. Ward, Mrs.
Jas. Hargreaves, Mrs. Buck, Mrs. Cavell,
and Mrs. J. R. Ratty.

After tea, a short entertainment took place,
when Mr. W. Hargreaves, the president of
the Marriage Festival Committee, occupied
the chair, and delivered a homely and cheer-
ing address. The Rev. J. B. Palmer and the
Rev. W. Stewart also addressed those pre-
sent, and spoke kindly to the old people,
and who evidently enjoyed the gathering through-
out. The Rothwell Glee Party gave a
capital rendering of "Here's life and health
to England's Queen," and "The Letter."

TWO SERVICES OF SONG AT BOULEVARD

Hornville, have supplied about 1,500 lbs weight of their Cocon Keesee and Chocolate in hermetically sealed tins.

WOODLESFORD, OULTON & DISTRICT

HORTICULTURAL SHOW.
The second annual show of plants, flowers, fruit, agricultural produce &c., was held in the Garden Field, Hoop Lane, on Saturday last. The weather was again dull and threatening, but the rain kept off until late in the evening. There was a 'big' number of exhibits, and some of the cut flowers were especially fine, as also were the groups of miscellaneous plants arranged for effect, and

The show was opened shortly after one o'clock, by the Rev. A. J. Irvin, who had been deputed to take the place of the president (L. W. H. White, Esq.) who was prevented by business arrangements from

opening the show as announced. He (Mr. Irvin) regretted Mr. White's absence, inasmuch as their president had lent his aid to the Committee in many ways, and had worked energetically in order to make the show a

success. As regards the show itself, they looked upon the flowers with gratitude and appreciation, but as there were so many present, competent of judging of their excellencies, he was not going to make any

keen criticisms upon the products. There were undoubtedly more competitors than last year, which went to prove that the show was increasing in popularity. (Applause). He had much pleasure in declaring the show open.

A vote of thanks was then accorded Mr. Irvin, the resolution being proposed by Mr. Trinder, seconded by Mr. W. Higgins, and

The exhibit were shown in a large marquee which was visited by a large number of local residents during the afternoon. The following are particulars of the awards:—

SECTION I. (OPEN TO ALL.)

H. BERRY, first for group of miscellaneous plants, six ornamental flower plants, ferns, lilies, group of ferns in half circle, white grapes, french beans; second for (cactus), African marigolds, peas.

LABOUR STANDARD.

The Home Secretary, by an order made

under the Factory and Workshop Act, 1878,

has fixed the standard of the Code of 1893 as

the standard of proficiency on the attainment

of which children of 13 may be employed

full time in factories or workshops in England

and Wales. This order will not come into

force till September, 1894, and will supersede

the order made by Mr. Matthews in March

of last year. Standard IV. is the existing

standard of proficiency. The present order,

by raising the standard of proficiency from

the fourth to the fifth throughout the

country, will secure complete uniformity with

regard to the full-time employment of

children of 13 in factories and workshops.

The alternative "standard of attendance"

remains unaltered. The new order is made

in the interests alike of education and of the

children.

HUNSLY BOARD OF GUARDIANS.

The fortnightly meeting of this Board was

held on Wednesday afternoon, present:—

Messrs. H. Berry (chairman), Messrs. W.

B. Ingalls and Mr. G. E. 2nd Vice-

chairman), Messrs. W. Sutcliffe, J. J.

Smith, J. Greaves, C. Grover, J. Parker,

G. W. Flockton, W. Hirst, T. W. Jewson,

and the clerk (Mr. Schofield).

The minutes of last meeting having been

read, were confirmed.

Gas Consumption.—A report was pre-

sented as to the great increase in the amount

of the gas bills for the Workhouse. The

NEWS FROM AMERICA.

To the Editor of the Rothwell Times

Dear Sir,

I feel I ought to write a few lines, or

I will be forgotten by some of my friends in

dear old Rothwell. I often think of the old

town and I enjoy the news which I find in

the Rothwell Times week by week) very

much. I felt when I saw the account of my

friend Reuben Wade's death; I don't think

anybody could know him and not think very

WIT AND HUMOUR.

10. The following is a list of the names of the persons who have been appointed to the various positions in the organization of the American Society of Civil Engineers, for the year 1908.

$\frac{d}{dt} \left(\frac{\partial L}{\partial \dot{x}} \right) = \frac{\partial L}{\partial x}$

1997, 1998, 1999, 2000, 2001, 2002, 2003, 2004, 2005, 2006, 2007, 2008, 2009, 2010, 2011, 2012, 2013, 2014, 2015, 2016, 2017, 2018, 2019, 2020, 2021, 2022, 2023, 2024, 2025, 2026, 2027, 2028, 2029, 2030, 2031, 2032, 2033, 2034, 2035, 2036, 2037, 2038, 2039, 2040, 2041, 2042, 2043, 2044, 2045, 2046, 2047, 2048, 2049, 2050, 2051, 2052, 2053, 2054, 2055, 2056, 2057, 2058, 2059, 2060, 2061, 2062, 2063, 2064, 2065, 2066, 2067, 2068, 2069, 2070, 2071, 2072, 2073, 2074, 2075, 2076, 2077, 2078, 2079, 2080, 2081, 2082, 2083, 2084, 2085, 2086, 2087, 2088, 2089, 2090, 2091, 2092, 2093, 2094, 2095, 2096, 2097, 2098, 2099, 2100, 2101, 2102, 2103, 2104, 2105, 2106, 2107, 2108, 2109, 2110, 2111, 2112, 2113, 2114, 2115, 2116, 2117, 2118, 2119, 2120, 2121, 2122, 2123, 2124, 2125, 2126, 2127, 2128, 2129, 2130, 2131, 2132, 2133, 2134, 2135, 2136, 2137, 2138, 2139, 2140, 2141, 2142, 2143, 2144, 2145, 2146, 2147, 2148, 2149, 2150, 2151, 2152, 2153, 2154, 2155, 2156, 2157, 2158, 2159, 2160, 2161, 2162, 2163, 2164, 2165, 2166, 2167, 2168, 2169, 2170, 2171, 2172, 2173, 2174, 2175, 2176, 2177, 2178, 2179, 2180, 2181, 2182, 2183, 2184, 2185, 2186, 2187, 2188, 2189, 2190, 2191, 2192, 2193, 2194, 2195, 2196, 2197, 2198, 2199, 2200, 2201, 2202, 2203, 2204, 2205, 2206, 2207, 2208, 2209, 2210, 2211, 2212, 2213, 2214, 2215, 2216, 2217, 2218, 2219, 2220, 2221, 2222, 2223, 2224, 2225, 2226, 2227, 2228, 2229, 2230, 2231, 2232, 2233, 2234, 2235, 2236, 2237, 2238, 2239, 2240, 2241, 2242, 2243, 2244, 2245, 2246, 2247, 2248, 2249, 2250, 2251, 2252, 2253, 2254, 2255, 2256, 2257, 2258, 2259, 2260, 2261, 2262, 2263, 2264, 2265, 2266, 2267, 2268, 2269, 2270, 2271, 2272, 2273, 2274, 2275, 2276, 2277, 2278, 2279, 2280, 2281, 2282, 2283, 2284, 2285, 2286, 2287, 2288, 2289, 2290, 2291, 2292, 2293, 2294, 2295, 2296, 2297, 2298, 2299, 2300, 2301, 2302, 2303, 2304, 2305, 2306, 2307, 2308, 2309, 2310, 2311, 2312, 2313, 2314, 2315, 2316, 2317, 2318, 2319, 2320, 2321, 2322, 2323, 2324, 2325, 2326, 2327, 2328, 2329, 2330, 2331, 2332, 2333, 2334, 2335, 2336, 2337, 2338, 2339, 2340, 2341, 2342, 2343, 2344, 2345, 2346, 2347, 2348, 2349, 2350, 2351, 2352, 2353, 2354, 2355, 2356, 2357, 2358, 2359, 2360, 2361, 2362, 2363, 2364, 2365, 2366, 2367, 2368, 2369, 2370, 2371, 2372, 2373, 2374, 2375, 2376, 2377, 2378, 2379, 2380, 2381, 2382, 2383, 2384, 2385, 2386, 2387, 2388, 2389, 2390, 2391, 2392, 2393, 2394, 2395, 2396, 2397, 2398, 2399, 2400, 2401, 2402, 2403, 2404, 2405, 2406, 2407, 2408, 2409, 2410, 2411, 2412, 2413, 2414, 2415, 2416, 2417, 2418, 2419, 2420, 2421, 2422, 2423, 2424, 2425, 2426, 2427, 2428, 2429, 2430, 2431, 2432, 2433, 2434, 2435, 2436, 2437, 2438, 2439, 2440, 2441, 2442, 2443, 2444, 2445, 2446, 2447, 2448, 2449, 2450, 2451, 2452, 2453, 2454, 2455, 2456, 2457, 2458, 2459, 2460, 2461, 2462, 2463, 2464, 2465, 2466, 2467, 2468, 2469, 2470, 2471, 2472, 2473, 2474, 2475, 2476, 2477, 2478, 2479, 2480, 2481, 2482, 2483, 2484, 2485, 2486, 2487, 2488, 2489, 2490, 2491, 2492, 2493, 2494, 2495, 2496, 2497, 2498, 2499, 2500, 2501, 2502, 2503, 2504, 2505, 2506, 2507, 2508, 2509, 2510, 2511, 2512, 2513, 2514, 2515, 2516, 2517, 2518, 2519, 2520, 2521, 2522, 2523, 2524, 2525, 2526, 2527, 2528, 2529, 2530, 2531, 2532, 2533, 2534, 2535, 2536, 2537, 2538, 2539, 2540, 2541, 2542, 2543, 2544, 2545, 2546, 2547, 2548, 2549, 2550, 2551, 2552, 2553, 2554, 2555, 2556, 2557, 2558, 2559, 2560, 2561, 2562, 2563, 2564, 2565, 2566, 2567, 2568, 2569, 2570, 2571, 2572, 2573, 2574, 2575, 2576, 2577, 2578, 2579, 2580, 2581, 2582, 2583, 2584, 2585, 2586, 2587, 2588, 2589, 2590, 2591, 2592, 2593, 2594, 2595, 2596, 2597, 2598, 2599, 2600, 2601, 2602, 2603, 2604, 2605, 2606, 2607, 2608, 2609, 2610, 2611, 2612, 2613, 2614, 2615, 2616, 2617, 2618, 2619, 2620, 2621, 2622, 2623, 2624, 2625, 2626, 2627, 2628, 2629, 2630, 2631, 2632, 2633, 2634, 2635, 2636, 2637, 2638, 2639, 2640, 2641, 2642, 2643, 2644, 2645, 2646, 2647, 2648, 2649, 2650, 2651, 2652, 2653, 2654, 2655, 2656, 2657, 2658, 2659, 2660, 2661, 2662, 2663, 2664, 2665, 2666, 2667, 2668, 2669, 2670, 2671, 2672, 2673, 2674, 2675, 2676, 2677, 2678, 26

Friday, September 1, 1893.

The weary weeks of enforced idleness

still continue, and it is a common salutation

just now, between miners, "Has't got been

rested yet, Bill?" There seems every prob-

ability of the stoppage going on for some

time yet, both parties remaining stiffer than

ever. The miners manifested no inclination

to alter their conditions in the slightest at

their meeting on Tuesday, and some of the

piters are filling with water, which will occupy

a considerable time in clearing even after all

is settled, whenever that may be. The men

are found at every street corner, wandering

in every lane, and by the terms of their

Union rules, are not allowed to earn money

in any way during the strike. Those that

have gardens, have diligently applied them-

selves to the healthful occupation of tending

in every lane, and by the terms of their

Union rules, are not allowed to earn money

in any way during the strike. Those that

MARRIAGE.
Brides—On the 18th inst. at the Windsor Hotel, Glasgow, on the 18th inst. by the Rev. Dr. John Hunter, Trinity Congregational Church, assisted by the Rev. Robert Barclay, M.A., Thomas Fletcher, eldest son of the late George Braine, of Rothwell, to Lily Barclay, second daughter of the late John Orr.

ROTHWELL LOCAL BOARD MEETING.
MR. SYKES & HIS BATES.
BUILDING IRREGULARITIES.
The fortnightly meeting of the above Board was held on Wednesday night, present:—Messrs. W. Hargreaves (chairman), T. Hargreaves, J. Oliver, F. E. Middleton, J. Hargreaves, T. Oliver, G. Armistead, J. Armistead, W. Sykes, J. Sted, and the clerk (Mr. Wimbush), collector (Mr. Marshall), and the surveyor (Mr. Jones).
The minutes of the previous meeting were read, but before being confirmed, Mr. Jas. Sted, in regard to the resolution passed the lamps, and said that there was considerable talk outside, on account of the lamp-lighters making overtime, thereby earning from 28 to 30 shillings per week. The ratepayers at present had plenty to do to pay the rates, and he believed that the resolution at last meeting, with regard to lamp-lighting had been passed with a view to saving any extra expenditure. The Surveyor, he thought, should arrange the work so that the lamp-lighting might be done without any overtime for anybody.
The Surveyor said that the same arrangements for lamp-lighting had been made some time ago, and were the same as when Mr. Sted had been management.
The minutes were approved, and the Surveyor was instructed to look off all overtime for lamp-lighting.
Several Committee meeting minutes were read and approved, from which we learn that several plans had been passed, and notices ordered to be abated.

Armistead, J. Armistead, W. Sykes, J. Sted, and the clerk (Mr. Wimbush), collector (Mr. Marshall), and the surveyor (Mr. Jones).
The minutes of the previous meeting were read, but before being confirmed, Mr. Jas. Sted, in regard to the resolution passed the lamps, and said that there was considerable talk outside, on account of the lamp-lighters making overtime, thereby earning from 28 to 30 shillings per week. The ratepayers at present had plenty to do to pay the rates, and he believed that the resolution at last meeting, with regard to lamp-lighting had been passed with a view to saving any extra expenditure. The Surveyor, he thought, should arrange the work so that the lamp-lighting might be done without any overtime for anybody.
The Surveyor said that the same arrangements for lamp-lighting had been made some time ago, and were the same as when Mr. Sted had been management.
The minutes were approved, and the Surveyor was instructed to look off all overtime for lamp-lighting.
Several Committee meeting minutes were read and approved, from which we learn that several plans had been passed, and notices ordered to be abated.

ROTHWELL LOCAL BOARD MEETING.
MR. SYKES & HIS BATES.
BUILDING IRREGULARITIES.
The fortnightly meeting of the above Board was held on Wednesday night, present:—Messrs. W. Hargreaves (chairman), T. Hargreaves, J. Oliver, F. E. Middleton, J. Hargreaves, T. Oliver, G. Armistead, J. Armistead, W. Sykes, J. Sted, and the clerk (Mr. Wimbush), collector (Mr. Marshall), and the surveyor (Mr. Jones).
The minutes of the previous meeting were read, but before being confirmed, Mr. Jas. Sted, in regard to the resolution passed the lamps, and said that there was considerable talk outside, on account of the lamp-lighters making overtime, thereby earning from 28 to 30 shillings per week. The ratepayers at present had plenty to do to pay the rates, and he believed that the resolution at last meeting, with regard to lamp-lighting had been passed with a view to saving any extra expenditure. ROTHWELL LOCAL BOARD MEETING.
MR. SYKES & HIS BATES.
BUILDING IRREGULARITIES.
The fortnightly meeting of the above Board was held on Wednesday night, present:—Messrs. W. Hargreaves (chairman), T. Hargreaves, J. Oliver, F. E. Middleton, J. Hargreaves, T. Oliver, G. Armistead, J. Armistead, W. Sykes, J. Sted, and the clerk (Mr. Wimbush), collector (Mr. Marshall), and the surveyor (Mr. Jones).
The minutes of the previous meeting were read, but before being confirmed, Mr. Jas. Sted, in regard to the resolution passed the lamps, and said that there was considerable talk outside, on account of the lamp-lighters making overtime, thereby earning from 28 to 30 shillings per week. The ratepayers at present had plenty to do to pay the rates, and he believed that the resolution at last meeting, with regard to lamp-lighting had been passed with a view to saving any extra expenditure. The Surveyor, he thought, should arrange the work so that the lamp-lighting might be done without any overtime for anybody.
The Surveyor said that the same arrangements for lamp-lighting had been made some time ago, and were the same as when Mr. Sted had been management.
The minutes were approved, and the Surveyor was instructed to look off all overtime for lamp-lighting.
Several Committee meeting minutes were read and approved, from which we learn that several plans had been passed, and notices ordered to be abated.

The Finance Committee approved of the following accounts being paid:—
Wm. Armistead, team labour .. 1 12 6
D. Davis, water supply .. 0 18 6
Jas. Wimbush, team labour .. 32 4 0
Garforth Colliery Co. .. 2 8 0
Leeds Trench, Isolation Hospital .. 10 8 0
J. W. Bell, Isolation Hospital .. 1 8 0
Wm. Fittin, team labour .. 9 16 0
J. Wimbush, team labour .. 10 10 0
A. R. City .. 3 11 0
S. Wilkinson .. 1 14 0
W. Hargreaves, team labour .. 37 7 0
J. Sted, establishment charges .. 2 15 0
A. Marshall & Co. .. 10 10 8
W. Armistead, water rates .. 4 4 0
A. Marshall .. 1 10 8
F. Greenwood, surveyor's account .. 80 0 0
J. Wimbush, team labour .. 7 18 0
B. R. Jones .. 8 8 0

The Clerk reported the receipt of £14 8s. 4d. from the Guardians of the Hunslet Union, being the balance of their share of the cost of the Isolation Hospital.
MR. SYKES WILL NOT PAY HIS BATES.
Mr. Sykes, in addressing the Chairman, said that he had a question he would like to bring before the Board, with regard to the Board's collector. He would like to know why was the Board's collector, Mr. Marshall, he contended had not been elected by this Board, and until he was elected he had not paid his rates. That was the reason why he had not paid his rates lately.
The Chairman, on asking the Clerk's opinion on the matter, stated that he had no opinion on the Board was a continuous one.
Mr. Sykes: "Well, I shall contest the point."
Mr. J. Oliver: "I didn't know before that anybody objected to Mr. Marshall."
The Chairman: "I take it that it is a continuous Board."
Mr. Sykes: "It is a newly-constituted Board, and we are all new members."
The Clerk: "Then how is it that the boundaries were not all marked out again?"
Mr. G. Armistead: "I take it then, that Mr. Greenwood also is not a servant of the Board."
The Chairman: "If Mr. Sykes likes, he can give notice to bring the matter before the next meeting, but I should advise him to let it drop."
Mr. Sykes: "I shall test the question, Sir."
Mr. Jas. Hargreaves said that the 20th September would be past before another meeting, and he could not see that one ratepayer had a right to withhold payment after that date any more than another.
The Clerk said that he expected the Collector would be able to make the usual steps in order to compel the payment of rates. He would proceed against defaulters in the ordinary way.
Mr. Sted drew attention to a few individuals whom he understood were to be compelled to pay on account of inability. Mr. Jas. Hargreaves said that Mr. Sted was in the same position; they had power however, as also had the Board, with the consent of the magistrates, to excuse rates on account of poverty, and they (the Overseers) did not intend to press such cases.
Mr. Sykes: "Well, I am going to plead the same excuse, that I cannot get any rents!" (Laughter).
Several members expressed themselves in favour of all the persons failing to pay their rates being summoned, and then any who were not able, could be allowed a little more time than the rest.
A resolution was finally passed, that any such action as Mr. Sykes had proposed, should be defended by the Board's clerk, and that he should also conduct all the cases of prosecution for the recovery of rates.
Mr. Marshall, who was present, and who had been in the conversation afterwards stated that with a few small exceptions, all the arrears would be paid by Saturday, except Mr. Sykes's, and Messrs. Binsworth's, who were now all occupied, although they are not built according to plans, and no certificate for occupation had been given by the Surveyor.
The Surveyor said the plans were submitted before he came, and he did not know what he could do for the water rates. He did not know what he could do for the water rates. He did not know what he could do for the water rates.
Mr. G. Armistead said he did not know what the servants of the Board were doing, they did not appear to be looking after the Board's interests; he would not have known anything about these houses had not Mr. Sted mentioned them.
Mr. Jas. Hargreaves said that as far as the Building Committee were concerned, they knew nothing about them.
Mr. G. Armistead to Mr. Greenwood: "You have had your attention drawn to these houses, but is it that you did not report to the Committee you have no plans, it appears, and I consider it a gross neglect of duty. There are other builders who are acting similarly."
The Chairman: "Mr. Greenwood, this is a serious state of affairs. It is a disgrace that the Building Committee should not know anything of the matter whatever. It is getting you across with the Board, and in the future, I hope you will report all these matters to the Committee, and thus take all the responsibility off your own shoulders. I hope and trust for the sake of yourself that it will not do that again."
With regard to Mr. Sted's house, Mr. Sykes said he believed Mr. Sted had gone on, and take no notice of the Board.
The Chairman: "We don't know Mr. Sted's name."
Mr. G. Armistead: "But that is only Mr. Sted's statement."
Mr. Sykes: "At any rate, this Board ought to take measures at once to stop him."
Mr. Jas. Hargreaves: "I should like to say something about this matter; the Building Committee have since the Board was formed, has been a disappointment. The nights have been monopolized by various other Committee, and the meetings have been knocked about from one night to another, and consequently the Committee has not got time to work. The case of Sted's is a vexed question, the houses are built of rubbish, and he is still allowed to go on. The house, I am told, are disgraceful hovels, and if the Board has power, we ought to use it."

ROTHWELL LOCAL BOARD MEETING.
MR. SYKES & HIS BATES.
BUILDING IRREGULARITIES.
The fortnightly meeting of the above Board was held on Wednesday night, present:—Messrs. W. Hargreaves (chairman), T. Hargreaves, J. Oliver, F. E. Middleton, J. Hargreaves, T. Oliver, G. Armistead, J. Armistead, W. Sykes, J. Sted, and the clerk (Mr. Wimbush), collector (Mr. Marshall), and the surveyor (Mr. Jones).
The minutes of the previous meeting were read, but before being confirmed, Mr. Jas. Sted, in regard to the resolution passed the lamps, and said that there was considerable talk outside, on account of the lamp-lighters making overtime, thereby earning from 28 to 30 shillings per week. The ratepayers at present had plenty to do to pay the rates, and he believed that the resolution at last meeting, with regard to lamp-lighting had been passed with a view to saving any extra expenditure. The Surveyor, he thought, should arrange the work so that the lamp-lighting might be done without any overtime for anybody.
The Surveyor said that the same arrangements for lamp-lighting had been made some time ago, and were the same as when Mr. Sted had been management.
The minutes were approved, and the Surveyor was instructed to look off all overtime for lamp-lighting.
Several Committee meeting minutes were read and approved, from which we learn that several plans had been passed, and notices ordered to be abated.

Mr. J. Armistead: "We have not approved any plans; I think they were incomplete."
Mr. G. Armistead: "Have you inspected the houses, Mr. Greenwood?"
The Surveyor: "Yes, and there is an objection to the material used; it is not of a proper quality."
After further discussion, the question was referred to the Building Committee for their special consideration.
The new buildings of Mr. Binsworth at Thorpe, were next referred to, Mr. G. Armistead reporting that the Committee had visited the houses, and found that the material that had been brought to the Board was of a poor quality, and that the houses were not in accordance with the plans, was quite correct. As the Surveyor had reported, the action was not the proper height. Eight of these houses it appears, are now occupied, without a certificate from the Board's Surveyor.
It was agreed that notice be served upon Mr. Binsworth, and that the necessary legal action be taken in order to make Mr. Binsworth comply with the Board's demands.
Notice was then given by Mr. G. Armistead of the necessity for the necessary time had elapsed (since the resolution was brought up previously), of proposing that an Inspector of Plans be appointed by the Board. This, unless Mr. Turner takes it up again.
The Clerk read a letter from Mr. Binsworth, who claims a right to some common land opposite his cottages, and intimates his intention of building his boundary wall, leaving a six-foot easement to the highway.
The Clerk had replied, asking Mr. Binsworth to show his title to this land. Several of the members expressed a desire to oppose Mr. Binsworth in his attempt to enclose land that had been in public use so many years.
A resolution was passed to summon Messrs. Whittaker's, of Rothwell, for erecting and occupying a wooden hut, contrary to the By-laws of the Board.
The completed plans for the new Board Office, along with specifications, were laid before the Board for examination, but no resolution was passed thereon.
WATER SUPPLY.—The Wakefield Rural Sanitary Authority was in a demand note to the Board for £130 12s. 6d. for the price of water (at the rate of 10d. and 1s. per 1000 gallons from the two sources), supplied to Louthouse with Carlisle and Thorpe, during the quarter ending the 24th June last, and the Clerk to the Board having replied to the effect that the price for 1000 gallons properly payable by the Board, according to the Authority's letter of the 21st March last, was at the rate of 9d. and 11d. per 1000 gallons from the two sources respectively; and not 10d. and 1s. per 1000 gallons, as now charged by the Authority, the following correspondence between the two bodies was read to the Board:—
Tetterton House, Kirkstall, Wakefield, Sept. 19th, 1893.
J. R. Wimbush, Esq., Clerk to the Rothwell Local Board, Rothwell, Leeds.
Dear Sir,
I beg to acknowledge receipt of your letter of the 19th, enclosing cheque for £130 12s. 6d., and enclosing receipt therefor, which I accept on account of the amount due to the Wakefield Rural Sanitary Authority for water supplied to the Board. I enclose herewith a balance of £130 12s. 6d., for which please send, and as you have a meeting tomorrow night, I must ask you to get a cheque then, and let me have it by return of post. I am sorry that I cannot take without any further notice, that unless this amount is paid, the Authority will discontinue the supply of water to the Board. The money by the Board in this particular matter, is, to say the least of it, most extraordinary, and it is a distinct breach of faith on your part. If it is a breach of faith, it is a breach of faith, and if it is a breach of faith, it is a breach of faith. I am a professional man, and I would let your fellows to avoid you; and if I made by Mr. Hargreaves, I would let your fellows to avoid you. I am sorry that I cannot take without any further notice, that unless this amount is paid, the Authority will discontinue the supply of water to the Board. Friday, October 6, 1893.

ROTHWELL LOCAL BOARD

MEETING.

The fortnightly meeting of the above

Board was held on Wednesday last, present:

—Messrs J. Hargreaves, T. Hargreaves, J.

Turner, G. Armistead, Walter Hargreaves, J.

Armistead, J. Oliver, T. Oliver, J. Stead, F.

E. Middleton, W. Sykes, and the clerk (Mr.

Wimbush), medical officer (Dr. Stevenson),

collector (Mr. A. Marshall), surveyor (Mr.

Greenwood), and inspector (Mr. Jones).

In the absence of the Chairman, Mr. J.

Hargreaves took the chair, on the motion of

Messrs. Turner and Middleton.

The Sanitary and Sewage Committee had

given instructions to the Medical Officer

and Inspector, to get samples of milk from

the local dealers for submission to the County

analyst.

The same Committee at its meeting,

ordered a letter to be sent to the Hunslet

Rural Sanitary Authority, stating that they

did not see any reason for not allowing the

arrangement of payment on account of

sewerage treatment at Lametroy, as such

an alteration would be breaking through the

agreement.

REPLY REPORT.—The Medical Officer

reported during the past four weeks, 24

births (9 males and 15 females), and 8 deaths

(4 males and 4 females). He also reported

three cases of scarlet fever, at Haigh's

farm, Open View and Smithson Street.

BUILDINGS.—With reference to the new

houses in Carlton Lane, a letter was read

from Mr. Scirel, stating that the house

was built according to plans submitted to

the Board; but that, in possession of

the plans, he had built the attic, believing

that they were shown on the plan.

In the building of these attics, there

appears to be no violation of either the old

or new bye-laws. Mr. Sykes, however,

proposed that the house should not be allowed

to be occupied until a certificate from the

Surveyor be obtained. The resolution was

not seconded.

The plans for the erection of a shop in

Commercial Street, belonging to Mr. H.

Sheldon, were approved.

It was decided that the motion of Mr. G.

Armistead, re the appointment of an Inspector

of Plans be taken in Committee.

RE-APPOINTMENT OF OFFICERS.—On the

motion of Mr. Sykes and Mr. J. Oliver, Mr.

A. Marshall was re-appointed collector of

rates for Bathwell under the recently formed

Board, and notice was given to the

Surveyor at the next meeting, was also

given.

LAMPS AND GAS.—At last meeting, it

appears a resolution was passed to erect a

lamp at the junction of the roads near the

"Bee and Crown" Lighthouse.

Mr. J. Oliver, according to notice given,

proposed the rescinding of this resolution.

In the first place, the resolution had been

passed when the Board was in Committee on

the water question, and consequently no

report of the proceedings would be made to

the Board, and notice was given that it

was a distinct breach of faith, inasmuch as it

had been arranged that if the Board would

pay the amalgamation expenses, the Louthouse

and Carlton district would forego the

lighting of the district for this season.

Mr. Turner seconded.

After some discussion, the resolution to

rescind was carried by five votes to four.

A letter was read from the Rothwell Gas

Company, applying for sanction to extend

their mains to Mr. Walter Binn's new

property at Thorpe, which is outside of the

Rothwell Gas Company's district.

On the motion of Messrs. Sykes and J.

Armistead, the necessary sanction was given.

FINANCE.—The following accounts were

passed:—

Friday, October 20, 1893.

URGENT APPEAL FOR FUNDS.

A meeting of the General Committee of
the Rothwell Relief Fund, was held on Mon-
day evening, when statements were made as
to the present condition of the funds, and
how the money has been subscribed and
expended.From the balance sheet presented by the
treasurer, Mr. R. Batty, it appears that the
Treasury had the first meeting on the 19th
September, and subscribed amongst them-
selves £2 4s 6d; they then solicited help
from their fellow-townsmen, resulting in a
total of £22 1s. Of this amount they dis-
tributed goods to needy families, to the
extent of £10 19s, leaving £11 12s in the
treasurer's hands.On the 30th of September, the present
unamalgamated Committee commenced opera-
tions, taking over the above balance £11 12s.
On, and also £11 12s, held by the Vicar from
various sources. In addition to these sums,
various other subscriptions have been paid,
amounting to £10 12s 6d, while £10 12s
has been received from the Leeds Mercury, and
£6 from the managers of the Theatre. This
makes a total income to the General Relief
Committee of £43 18s 4d.Coupons were issued in the week ending
October 9th, for £5 10s 4d; and for last
week, £18 4s 6d, thus leaving £24 3s 1d to
start this week with. Of this sum we will
considerably more than half of this sum will
have had to be spent before these lines are
in the hands of our readers, so that immediate
help is urgently needed for this part of the
work.The expenditure on behalf of the children's
dinners amounted to £28 12s 4d for the last
week ended October 14th, so that about
£15 a week is required for this part of the
relief. Towards this work, the Committee
have received two donations of £5 each from
the Leeds Mercury, £10 from the Yorkshire
School Committee, £23 from the Leeds School
Theatre, and £27 17s 6d in large and small
subscriptions, a total of £40 17s 6d. At the
beginning of this week, therefore, the Com-
mittee had £12 14s 2d in hand, which, of
course, will be more than expended by this
time.The Committee is grateful that thus far,
they have not had to make any special appeal,
and it is hoped that, although the weekly
contributions generously promised by Messrs
Charlesworth and others, will greatly assist
the children's fund, that those who have
not yet subscribed to the fund, will now do
their best, for the poor women and infant
children, who do not come within the scope
of the daily dinner provided at the schools.It is sad to think that heavy, honest
women of Rothwell, who have never known
want and famine, the blessings of the
food, are now compelled to sit all day in
their dreary homes, trying to comfort their
hungry little ones, and then stealing out at
night, ashamed to be seen and known, beg-
ging for a copper or a crust, to appease
their hunger.We earnestly appeal to our readers, to
use their best efforts to succour our famishing
women and children. Are there not many
former residents who would like to show
that our old town is not forgotten, and who
people? Surely there are some who could
spare a trifle, (any more than a trifle to the
hungry ones) in order to carry out the great
principles of humanity and religion, "to do
to others as we would that others should do
to us." Our hearts ache for the sad sights
that meet us day by day. Rothwell must be
boast of as a healthy, respectable man; as
healthy, good-looking women; as happy
children, as any town in Yorkshire. But
now we seldom hear a laugh; the well-
served bodies of our workers have become
thin and famished; the blooming cheeks are
sunk and sallow, the active, happy
and sad. Surely there are some who
half-crowns, lying idly by, but whose use
would bring down blessings on the head
of the giver.For the sake of the women and the child-
ren, we earnestly ask for contributions
either to the general or to the children's
fund, which may either be sent to us, or to
Mr. Batty, the treasurer. "What then
does, do quickly."T. STAINER,
MONUMENTAL MASON,
ROYDS' LANE, ROTHWELL.Estimates given for all kinds of Memorials in

"And the lady or does the young man?"

Enoch: "They say that is true; that those people are singing to see it. What key are they using?"

Major Kralibaughi (the famous): "I should say."

"He in an asylum was informed that considerable property had been asked what disposition should be made of it."

"You let me out, and I'll give the reply."

The lady was crying bitterly, and confessed to having received a letter from her playfellow. "You must," she said, "unwisely ask the question before I answered the question."

"I have told you of that time when I was a friend, who had stumbled over a few days since."
